

Input Tax Credits (ITC)

Case Study 2:-

Cenvat Credits to Builders.

Scenario 1: Builder/Developer has a partially completed construction. He continued to avail CENVAT Credit under Service Tax Regime. Service Tax Credit is available on all the input services and not on inputs including works contractors services. Vat is Payable at 0.6% & Service Tax is payable at 4.5% Stamp Duty is also paid at ~5%. Whether Cenvat shall be available?

Conditions : - As per Section 17(5)(d), which states,

" (5) Notwithstanding anything contained in sub-section (1) of section 16 and subsection (1) of section 18, input tax credit shall not be available in respect of the following, namely:—

(d) goods or services or both received by a taxable person for construction of an immovable property (other than plant or machinery) on his own account including when such goods or services or both are used in the course or furtherance of business."

Issues : - Inputs were mainly charged under Excise & VAT. Input services were charged under Service Tax. With the Enactment of GST, segregation of Labour & Material under CGST, SGST and IGST become virtually impossible and therefore, most likely no Credits whatsoever shall be made available to builders and standard fix tax rates shall be made applicable only on deemed supply of services i.e. booking before OC.

Unutilized credits should ideally shall be denied under the GST, as any transitional credits needs to be eligible in both the Laws.
