Playing Big Find Your Voice Your Mission Your Message:

Playing Big Tara Mohr, 2014-10-14 A groundbreaking women's leadership expert and popular conference speaker gives women the practical skills to voice and implement the changes they want to see in themselves and in the world. In her coaching and programs for women, Tara Mohr saw how women were playing small in their lives and careers were frustrated by it and wanted to play bigger. She has devised a proven way for them to achieve their dreams by playing big from the inside out. Mohr's work helping women play bigger has earned acclaim from the likes of Maria Shriver and Jillian Michaels and has been featured on the Today show, CNN, and a host of other media outlets. Sheryl Sandberg's *Lean In* gave many women new awareness about what kinds of changes they need to make to become more successful, yet most women need help implementing them. In the tradition of Bren Brown's *Daring Greatly*, *Playing Big* provides real practical tools to help women quiet self-doubt, identify their callings, unhook from praise and criticism, unlearn counterproductive good girl habits, and begin taking bold action. While not all women aspire to end up in the corner office, every woman aspires to something. *Playing Big* fills a major gap among women's career books; it isn't just for corporate women. The book offers tools to help every woman play bigger, whether she's an executive, community volunteer, artist, or stay-at-home mom. Thousands of women across the country have been transformed by Mohr's program, and now this book makes the ideas and practices available to everyone who is ready to play big.

At last, this very important book has been written. It will empower legions of women to step into their greatness.

Elizabeth Gilbert, author of *EAT PRAY LOVE*: What could you achieve if you were confident enough to take risks? How much more fulfilled would you be if you ignored other people's perceptions and forged your own path? All too often, talented women feel unable to share their opinions, challenge the norm, or take the lead. But now it's time to play big. As the founder of a global leadership programme for women, Tara Mohr has spent her career teaching exceptional women to find their voice and their confidence. In *Playing Big*, she shares her proven techniques for mastering self-doubt, dealing with criticism, and communicating with authority. She also demonstrates how to become self-assured enough to stop planning and take a leap forward so that you can achieve the things you want most. The perfect catalyst for any woman who wants to go outside her comfort zone, find her voice, and embrace the biggest possibilities of her life. Kinchin, 2023-05-18 *Narratives of Academics' Personal Journeys in Contested Spaces* provides theoretically informed personal narratives of 11 emerging and established leaders in learning and teaching in Australia, Finland, New Zealand, Singapore, the UK, and the USA. The academics' narratives focus on how the individuals have navigated to their current

leadership role in learning and teaching whilst negotiating contested identities such as gender and physical and social marginalised spaces such as interstitial middle leadership positions These international narratives provide unique perspectives on the sense making of academics as they reflect on their learning and teaching leadership journey and how these journeys are shaped by their contested identities and the marginalised spaces they inhabit Often such identities and spaces are not recognised in higher education which may lead to even more isolating and challenging leadership journeys The book contributes to our understanding of the subjective experiences that academics encounter in their leadership journeys Further the personal narratives included in the book capture how the contested identities and marginalised spaces influence the learning and teaching leadership practices in various educational cultural and national contexts *Playing Big* Tara Mohr, 2015-12-29 A groundbreaking women's leadership expert and popular conference speaker gives women the practical skills to voice and implement the changes they want to see in themselves and in the world In her coaching and programs for women Tara Mohr saw how women were playing small in their lives and careers were frustrated by it and wanted to play bigger She has devised a proven way for them to achieve their dreams by playing big from the inside out Mohr's work helping women play bigger has earned acclaim from the likes of Maria Shriver and Jillian Michaels and has been featured on the Today show CNN and a host of other media outlets Sheryl Sandberg's *Lean In* gave many women new awareness about what kinds of changes they need to make to become more successful yet most women need help implementing them In the tradition of Bren Brown's *Daring Greatly* *Playing Big* provides real practical tools to help women quiet self doubt identify their callings unhook from praise and criticism unlearn counterproductive good girl habits and begin taking bold action While not all women aspire to end up in the corner office every woman aspires to something *Playing Big* fills a major gap among women's career books it isn't just for corporate women The book offers tools to help every woman play bigger whether she's an executive community volunteer artist or stay at home mom Thousands of women across the country have been transformed by Mohr's program and now this book makes the ideas and practices available to everyone who is ready to play big *Fearless and Free* Wendy Sachs, 2017-02-07 In *Fearless and Free* author Wendy Sachs provides pithy invaluable guidance to women stymied in the workplace Women tend to be inherently cautious to the point of overthinking their every move This may help them stay safer than their male counterparts but it also keeps them stuck in the action first fake it til you make it ethos celebrated in the tech world shaking up the workforce today What if women embraced the startup spirit What if they had the confidence to take chances even if they knew they may fail first What if instead of agonizing over which step to take they leapt forward quickly These are the traits that helped Silicon Valley redefine our culture and not surprisingly these are the same lessons that can help all women succeed in all stages of their careers With lessons learned from a wide range of women who faced down fears roadblocks and failures to reinvent themselves Sachs's invaluable resource teaches women how to Boost their confidence Sell their story Capitalize on their skills and expand them
