Essays from the Institute for Theological Inquiry

Plowshares Into Swords Reflections On Religion And Violence

Robert W. Jenson, Eugene Korn

Plowshares Into Swords Reflections On Religion And Violence:

Plowshares Into Swords? Robert W. Jenson, Eugene Korn, 2014 This volume celebrates a portion of the research of the fellows of The Institute for Theological Inquiry's theology project conducted between 2010 and 2012 The project was devoted to analyzing the relation between religious belief and violence as well as to examining the theological and ethical dimensions of contemporary Zionism This volume takes up the first topic while the reflections of ITI scholars reflections on the latter topic will appear soon in a separate volume Introduction Israel and the Nations Eugene Korn, 2023-02-21 Israel and the Nations The Bible The Rabbis and Jewish Gentile Relations explores the Jewish theology and law Halakhah relating to non Jews It analyzes biblical talmudic medieval and contemporary Jewish writings about gentiles and their religions The Bible challenges the Jewish people to be a blessing for all the families of the earth Yet throughout history Jewish experience with gentiles was complex In the biblical and talmudic eras most gentiles were assumed to be idolators In the Middle Ages most rabbis considered their Christian neighbors idolators and Christian enmity sharpened the otherness Jews felt toward their Christian hosts Muslims were monotheists but Jewish Muslim relations were sometimes positive and at other times difficult With the advent secular tolerance in modernity Jews found themselves in a new relationship with their gentile neighbors How should Jews relate to gentiles today and what are the bounds of Jewish tolerance and religious pluralism The book will interest both Jewish laypersons familiar with Jewish tradition as well as scholars of theology and interfaith relations **A Sacred Argument** Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently *The Concept of Tolerance in Judaism, Christianity and Islam* Catharina Rachik, Georges Tamer, 2025-10-06 Tolerance as a universal value of modernity is not usually associated in popular consciousness with religion which is often regarded as inherently intolerant This volume addresses the hermeneutics of tolerance as it pertains to Judaism Christianity and Islam Each author offers a distinctive theological interpretation of traditional sources elucidating the potential and limitations of tolerance in the monotheistic thought Additionally the book presents examinations of the promotion of tolerance in diverse historical and cultural contexts illustrating both similarities and differences between the three religions The evidence presented in this volume demonstrates that tolerance occupies an important place in Judaism Christianity and Islam **We Are Not Alone** Menachem Kellner, 2021-08-10 Maimonides Guide of the Perplexed addressed Jews of his day who felt challenged by apparent contradictions between Torah and science We Are Not Alone A Maimonidean

Theology of the Other uses Maimonides writings to address Jews of today who are perplexed by apparent contradictions between the morality of the Torah and their conviction that all human beings are created in the image of God and are the object of divine concern that other religions have value that genocide is never justified and that slavery is evil Individuals who choose to emphasize the moral and universalist elements of Jewish tradition can often find support in positions explicitly held by Maimonides or implied by his teachings We Are Not Alone offers an ethical and universalist vision of traditionalist Judaism

Reinventing Maimonides in Contemporary Jewish Thought James A. Diamond, Menachem Kellner, 2019-02-20 The first critical study of how Maimonides has been read by leading Orthodox rabbis in our time shows that some have tried to liberate themselves from his influence others have built on his ideas generating vibrant controversy and yet others have sought to recreate Maimonides in their own image

Religious Perspectives on Religious Diversity, 2016-11-07 Religious Perspectives on Religious Diversity addresses fundamental and controversial questions raised by religious diversity What are members of religious traditions to say about outsiders their views and their salvific status And what are they to say about the religions of outsiders about say whether those religions are inspired or salvifically effective or worthwhile or legitimate Discussion of some Muslim Christian and Jewish perspectives is combined with more methodological work The authors of these ground breaking and original yet readable and accessible essays include established scholars and younger scholars whose reputation is growing Contributors are Imran Aijaz David Basinger Paul Rhodes Eddy Jerome Gellman Mohammad Hassan Khalil Eugene Korn Daniel A Madigan Robert McKim John Sanders and Diego R Sarri Cucarella Judaism Christianity and Islam s attitudes to other religions are thoughtfully examined in this collection both with fine historical sensibility as well as original constructive contributions from leading scholars in the field A series of helpful meta reflections follow on typologies in theology of religions the act of comparison between traditions and a plea for informed tolerance when difference is confronted A rare treat an edited collection that is of uniformly high quality throwing immense light on the subject It will help specialists and undergraduate students approaching the subject of religious pluralism Professor Gavin D Costa University of Bristol September 2016

Judaism's Challenge Alon Goshen-Gottstein, 2020-11-10 One cannot think of Judaism without taking some stance relating to Israel s special status its election The present collection highlights the challenges that Judaism faces as it continues to uphold a sense of chosenness and as it seeks to engage the world beyond it nations as well as religions The challenge is captured by the dual implication of election divine love on the one hand and enmity with others on the other Israel s election mission and vocation are played out within this tension of love grounded in God and extending to humanity and the opposite of love as this finds expression in Israel s relations with others Israel must work out the purpose of its election and its realization in history in the tension between these two extremes This challenge takes on great urgency in the context of advances in interfaith relations These lead us to reflect on the meaning of Israel s election as part of developing a contemporary Jewish theology of world religions

Charity after Augustine Jonathan

Teubner,2024-12-07 Charity after Augustine explores why the Augustinian tradition s attempts to build solidarity in the societies of the Latin West have ended in disaster just as often as they have brought about justice Focusing on the concrete practices of love and charity almsgiving works of mercy good works Teubner demonstrates how religious leaders attempted simultaneously to bind and hold communities together while also in fits and starts to expand and include others in their communities The first part probes how Augustine s thought is put into practice informing a tradition of political action inspired by concepts of love and enacted through practices of charity In a second more expansive part Charity after Augustine turns to the ways in which the Benedictine tradition as recieved by Gregory the Great and Bernard of Clairvaux transforms this vision and puts it into practice in contexts radically different from those of Augustine s age At the heart of this book is an attempt to find a non idealized vision of love that can inform thick relations within a community that are not diluted but are rather strengthened by the incorporation of outsiders The Church's Book Brad East,2022-04-26 What role do varied understandings of the church play in the doctrine and interpretation of Scripture In The Church s Book Brad East explores recent accounts of the Bible and its exegesis in modern theology and traces the differences made by divergent and sometimes opposed theological accounts of the church Surveying first the work of Karl Barth then that of John Webster Robert Jenson and John Howard Yoder following an excursus on interpreting Yoder s work in light of his abuse East delineates the distinct understandings of Scripture embedded in the different traditions that these notable scholars represent In doing so he offers new insight into the current impasse between Christians in their understandings of Scripture one determined far less by hermeneutical approaches than by ecclesiological disagreements East s study is especially significant amid the current prominence of the theological interpretation of Scripture which broadly assumes that the Bible ought to be read in a way that foregrounds confessional convictions and interests As East discusses in the introduction to his book that approach to Scripture cannot be separated from questions of ecclesiology in other words how we interpret the Bible theologically is dependent upon the context in which we interpret it

Fuel your quest for knowledge with is thought-provoking masterpiece, **Plowshares Into Swords Reflections On Religion And Violence** .
