

PM Process Flow™

Based on PMBOK® Guide – Sixth Edition

PM Process Flow is a project management process flow chart that provides a comprehensive overview of the project management process. It is based on the PMBOK® Guide – Sixth Edition and is designed to help project managers understand the project management process and its components. The chart is organized into five main phases: Initiating, Planning, Monitoring & Controlling, Executing, and Closing. Each phase is further divided into sub-phases and tasks, providing a detailed view of the project management process. The chart is color-coded to help users identify the different phases and tasks. It is a valuable tool for project managers and anyone involved in project management.
