Politically Incorrect Ramblings L. A. Stoner, 2009-09-01 SHE SAID WHAT Sex politics money religion and bodily functions the third rails of polite conversation and a goldmine of material in this hilarious politically incorrect collection of essays from a middle aged single mom having the time of her life LeeAnn Stoner is not a shock jock or pundit but she's got opinions to spare and she believes that there's no such thing as TMI too much information You want to know about hemorrhoids Check Why prostitution should be legal Check Why technology is evil Check Divided into five books Politically Incorrect Ramblings is an honest discussion of the unspoken truths that dictate life as we know it the power of sex the business of religion menopause and puberty and our slavish dedication to the maintenance of our houses lawns and careers While the rest of us look for ways to avoid saying anything potentially offensive at work at church to our neighbors and especially in public Stoner runs headlong into the big three money politics and religion And she does so with her charm and common sense still intact A delightful read **The Slow Road to Deadhorse** James Anthony, 2021-12-01

Obedience is Freedom Jacob Phillips,2022-04-21 The virtue of obedience is seen as outdated today if not downright toxic and yet are we any freer than our forebears In this provocative work Jacob Phillips argues not Many feel unable to speak freely their opinions policed by the implicit or explicit threat of coercion Impending ecological disaster is the ultimate threat to our freedoms and wellbeing and living in a disenchanted cosmos leaves people enslaved to nihilistic whim Phillips shows that the antiquated notion of obedience to the moral law contains forgotten dimensions which can be a source of freedom from these contemporary fetters These dimensions of obedience such as loyalty discipline and order protect people from falling prey to the subtle forms of coercion control and domination of twenty first century life Fusing literary insight with philosophical discussion and cultural critique Phillips demonstrates that in obedience lies the path to true freedom

Food Energetics Steve Gagné,2008-11-05 Explains how food imparts a living wisdom that is separate from the science of nutrient values Offers an approach to diet from the perspective of ancient peoples who understood how the energetic qualities of food affect both physical and spiritual health Includes a comprehensive catalog of the energetic properties of myriad foods from chicken beef and potatoes to garlic avocados zucchini and grapefruit Food is more than simply fuel It imparts a living wisdom that is beyond the science and mechanics of calories grams and nutrient values Ancient peoples through their relationships with the plants and animals providing their food understood that their food conveyed the unique energetic qualities of its source such as swiftness from wild deer and groundedness from root vegetables With the rise of agribusiness and industrial food production people have become disconnected from the sources of their food and are
