Amplified Flat Multi-Directional Indoor Antenna

Antena multidireccional plana amplificada para interiores

User's Guide

Guía del Usuario

Congratulations on your purchase of the ANT1450 Amplified Flat Multi-Directional Indoor Antenna. With this contemporary antenna, rabbit ears are a thing of the past. This sleek, attractive antenna features the most advanced technology, including a patented engineering design that provides excellent reception for both analog and digital TV broadcasts.

Multi-Directional Antennas

A multi-directional antenna is able to receive signals from any direction. Useful for both analog and digital reception, the ANT1450 looks great, facilitates optimal reception, and requires very little space. The patented multi-directional technology ensures that the antenna does not need to be adjusted according to the location of the transmitting signal.

The Switch from Analog to Digital

Because of the February 2009 switch to digital signals, the ANT1450 has been created with the ultimate flexibility. In some situations, antennas require an amplifier; in other cases, the amplifier can cause problems with reception. The ANT1450 has a removable amplifier so you can use it in either instance. Regardless of your reception needs, analog or digital, the ANT1450 provides high-quality reception.

ANT1450 Features

The ANT1450 Amplified Flat Multi-Directional Indoor Antenna is packed with features that make it as functional as it is attractive. Because the ANT1450 is multi-directional, there is no need to constantly turn the antenna to improve reception. And, with its compact footprint, the ANT1450 is so unobtrusive, you can hang it on the wall, stand it up or lay it flat. Its attractive design complements any décor. The ANT1450:

- Features a removable amplifier to optimize reception of local standard definition and high definition signals
- Outperforms traditional antennas due to patented design
- Eliminates constant adjustments with multi-directional reception pattern
- Gets great reception in any position—lying flat, hanging, or standing
- Takes up minimal space
- Features a modern, contemporary look
