**Waiting at Joe's** Deeny Kaplan Lorber, 2013-10-18 They've served the rich the famous and the infamous ranging from Madonna and Al Capone to Amelia Earhart and Bill Clinton They've escorted patrons to their cars during the cocaine wars and sent trays of food from the kitchen to high profile patrons via Secret Service agents They work at the second highest grossing restaurant in the United States one of the most coveted jobs in the business They are the waiters of Joe's Stone Crab a one of a kind South Florida landmark Joe's Stone Crab opened in Miami Beach in 1913 as a modest restaurant situated behind the apartment of owners Joe and Jennie Weiss Miami Beach not yet a city could be accessed only by ferry Stone crabs weren't even on the menu A lot has changed in the past century Joe's Stone Crab boasts locations in Chicago and Las Vegas and people travel across the globe to dine on its signature stone crabs a delicacy often mimicked but never matched by countless other restaurants Throughout its history Joe's has never accepted reservations The anticipation and camaraderie in waiting two to three hours for a table has become as much a part of the dining experience as the exquisite food Along the way Joe's has gained a reputation for excellent service provided by its extremely dedicated talented and loyal wait staff A chance to serve at Joe's is one of the most sought after jobs in the restaurant business Staff members are paid extremely fair wages compensated with retirement packages and receive generous time off It's not unusual to encounter a waiter who has been at Joe's for fifteen or twenty years Some have stayed on for upward of thirty forty and even fifty Bonds between coworkers are strong and some are so proud of their home away from home that some waiters even request to be buried in the front courtyard at Joe's for all of eternity By giving voice to these unsung individuals Deeny Kaplan Lorber reveals the

inner workings of Joe's in this collection of fascinating intimate vignettes Go behind the scenes of a thriving business that treats both staff and customers like family For one hundred years Miami natives and tourists alike have waited and dined alongside celebrities including Frank Sinatra Muhammad Ali Dan Marino and Jennifer Lopez There's no other place in the world quite like Joe's Stone Crab this is the story of the waiters not the wait     The Bigger Picture Diana H. Walker, 2007 As a White House photographer through five presidential administrations Walker enjoyed incomparable access to the world's major movers and shakers This visual history captures presidents and their families in wonderfully candid moments and world leaders in the course of momentous events     **Hillary's Angel** Ross Nicholson, 2008 What was Hillary Clinton like when she was just starting out in life What part did Almighty God have in her selection for American leadership How is she a part of the American clique that evolved for and against the Bush led Plumbers assassination of JFK     **Portrait and Biographical Album of Clinton and Shiawassee, Counties, Mich**, 1891     **A Portrait and Biographical Record of Boone and Clinton Counties, Ind., Containing Biographical Sketches of Many Prominent and Representative Citizens Together with Biographies of All the Presidents of the United States and Biographies of the Governors of Indiana**, 1895     *A Portrait and Biographical Record of Boone Clinton and Hendricks Counties, Ind*, 1895     The Rock From Mars Kathy Sawyer, 2006-02-14 In this riveting book acclaimed journalist Kathy Sawyer reveals the deepest mysteries of space and some of the most disturbing truths on Earth The Rock from Mars is the story of how two planets and the spheres of politics and science all collided at the end of the twentieth century It began sixteen million years ago An asteroid crashing into Mars sent fragments flying into space and eons later one was pulled by the Earth's gravity onto an icy wilderness near the southern pole There in 1984 a geologist named Roberta Score spotted it launching it on a roundabout path to fame and controversy In its new home at NASA's Johnson Space Center in Houston the rock languished on a shelf for nine years a victim of mistaken identity Then in 1993 the geochemist Donald Duck Mittlefehldt unmasked the rock as a Martian meteorite Before long specialist Chris Romanek detected signs of once living organisms on the meteorite And the obscure rock became a rock star But how did nine respected investigators come to make such startling claims about the rock that they triggered one of the most venomous scientific battles in modern memory The narrative traces the steps that led to this risky move and follows the rippling impact on the scientists' lives the future of space exploration the search for life on Mars and the struggle to understand the origins of life on Earth From the second the story broke in Science magazine in 1996 it spawned waves of excitement envy competitive zeal and calculation In academia in government agencies in laboratories around the world and even in the Oval Office where an inquisitive President Clinton had received the news in secret players of all kinds plotted their next moves Among them David McKay the dynamic geologist associated with the first moon landing who labored to achieve at long last a second success Bill Schopf of UCLA a researcher determined to remain at the top of his field and the first to challenge McKay's claims Dan Goldin the boss of NASA and Dick Morris the controversial presidential adviser who

wanted to use the story for Clinton s reelection and unfortunately made sure it ended up in the diary of a 200 an hour call girl Impeccably researched and thrillingly involving Kathy Sawyer s The Rock from Mars is an exemplary work of modern nonfiction a vivid account of the all too human high stakes drive to learn our true place in the cosmic scheme     *World's Divide Collection: Books 1-4* Ryan Hartung,2015-01-06 When an ancient temple is uncovered in the Amazon the Peruvian authorities call upon Colt Andrews one of the world s foremost archeologists Upon arrival however he realizes the temple is not what he was expecting Although Peru is thousands of miles from ancient Greece the temple within its rainforest is dedicated to the Greek god of thunder Zeus Even more astounding is its treasure hidden within Deep inside an intricate staff worked into the shape of a lightning bolt waits for Colt to claim its power The World s Divide collection of books 1 through 4 covers the discovery of the Lightning Staff Hades Sphere Poseidon s Trident and Demeter s Wreath and the magical powers they possess As the series of novellas continue other nations besides the United States also join the hunt for the ancient relics Some nations will use them for good while others for evil Relationships are forged while others are broken all against the backdrop of growing world strife and the beginning rumblings of a third worldwide war
