The Fly Fisher and the River Maxine Atherton, 2016-03-15 On angling as a woman in the first half of the twentieth century Like fast moving currents the fishing tales in The Fly Fisher and the River move us through a selection of Max Atherton's experiences both within rivers waters as well as at their outer edges They remind us that alongside the then radical environmentalist explorer part of her there was a playful joie de vivre someone who appreciated the company of good looking intelligent outdoorsmen Even before her husband's death Max enjoyed the attention she got as a fisherwoman While
