Research Department,1993 **Reading Appalachia from Left to Right** Carol Mason,2011-02-23 In Reading Appalachia from Left to Right Carol Mason examines the legacies of a pivotal 1974 curriculum dispute in West Virginia that heralded the rightward shift in American culture and politics At a time when black nationalists and white conservatives were both maligned as extremists for opposing education reform the wife of a fundamentalist preacher who objected to new language arts textbooks featuring multiracial literature sparked the yearlong conflict It was the most violent textbook battle in America inspiring mass marches rallies by white supremacists boycotts by parents and strikes by coal miners Schools were closed several times due to arson and dynamite while national and international news teams descended on Charleston A native of Kanawha County Mason infuses local insight into this study of historically left leaning protesters ushering in cultural conservatism Exploring how reports of the conflict as a hillbilly feud affected all involved she draws on substantial archival research and interviews with Klansmen evangelicals miners bombers and businessmen a who like herself were residents of Kanawha County during the dispute Mason investigates vulgar accusations of racism that precluded a richer understanding of how ethnicity race class and gender blended together as white protesters set out to protect our children s souls In the process she demonstrates how the significance of the controversy goes well beyond resistance to social change on the part of Christian fundamentalists or a cultural clash between elite educators and working class citizens The alliances tactics and political discourses that emerged in the Kanawha Valley in 1974 crossed traditional lines inspiring innovations in neo Nazi organizing propelling Christian conservatism into the limelight and providing models for women of the New Right *Alpha Kappa Psi Diary* ,1940 **Black Greek-letter Organizations in the Twenty-First Century** Gregory S. Parks,2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the

contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead
