Punjab District and State Gazetteers ,1916 **CURRICULUM REFORM IN PAKISTAN** Amna Afreen,2022-02-25 I have written this book in an effort to explore how the history of Pakistan has resulted in the critical problems weighing down its education system The book examines the questions Why and how has a small elite class come to rule Pakistan And how has their rule worsened the country s problems The focus will be to critically examine the elements of the Pakistani national curriculum and madrasas and their effects on Pakistani society The book represents the fusion of my experiences in Pakistan with extensive literature analysis interviews and textbook analysis This research began when I came to the United States in January 2015 through the SAR program I wanted to know the answers to profoundly unsettling questions How can a society be so intolerant that a scholar educated solely in Pakistan is disregarded and assassinated while many Western educated scholars with traditional insular thoughts are not only appreciated but flourishing I wanted to know why Pakistani elites have so much power and freedom while lower classes are profoundly oppressed Elites who barely pay taxes have been in power for generations while those that pay taxes suffer from sky high inflation The influential religious leaders mostly belong to the elite class while their followers are mostly lower class Ruling families and social classes mostly control appointed positions Do those in power not have a responsibility to speak on issues of social justice rather than limiting themselves in claiming that theirs is the only true form of Islam Why don t they work to end the disparity of quality education between classes in Pakistan Instead many elites run their own lucrative elite Islamic schools More importantly why do the ulama which literally means those who possess knowledge ilm particularly of Islam maintain a tight hierarchical system in the madrasa Islamic seminary community that rarely allows poor intelligent students to attain leadership positions Why are the ulama silent in the face of ruthless murder of and discrimination against Pakistani minorities Book Review Pakistan Educational Reforms is a major study of education in Pakistan and its national and madrasa curriculum that fosters national and religious sectarian divisions intolerance and conflicts Dr Amna Afreen documents the political socio economic and religious causes limited government funding widespread poverty and illiteracy and the poor training and performance of teachers that have produced a failed educational system at urban and rural government and religious schools madrasa and offers a series of potential solutions and reforms John L Esposito University Professor and Founding Director of The Alwaleed Center for Muslim Christian Understanding Georgetown University **The Punjab Legislative Council Debates. Official Report** Punjab (India). Congress. House, **Indian Debates on the International Left** Rai, Shirin M.,Prakash, Anand,2021-10-01 This

book traces the Indian Left's engagement with the international communist debates of the 1960s and 1970s shedding new light on the fault lines within the Left as well as on its international solidarities Lajpat Rai argued for rethinking established leftist positions seeking inspiration in experiment and developing creative approaches for the sustainability of socialist ideas and ideals The contemporary relevance of these debates is significant as the Left remains without a sharp response to the rise of neoliberalism and right wing populism in India and a failure of the Left to recognize the challenges emanating from a strongly integrated and organized finance capital on the one hand and the increasingly self aware identity politics on the other Democratic opposition rather than a bureaucratic thinking needs to be the backbone of any meaningful Left struggle Lajpat Rai's passionate writing gives expression to the spirit and intensity of political debates at the time and the role of the Left intelligentsia in comprehending from a committed socialist angle the shifting paradigms of an unstable world to help bring about progressive change
