PRESS RELEASE

Public Notification – Level III Sex Offender

Port Orchard, WA. – October 15th, 2020

The Port Orchard Police Department (P.O.P.D.) is releasing the following information pursuant to RCW 4.24.550 and the Washington State Supreme Court decision in State v. Ward, which authorizes law enforcement agencies to inform the public of a sex offenders release when; in the discretion of the agency, the release of information will enhance public safety and protection.

The individual who appears on this notification has been convicted of a sex offense that requires registration with the sheriff's office in the county of their residence. Further, their previous criminal history places them in a classification level which reflects the potential to re-offend.

This sex offender has served the sentence imposed on him by the courts and has advised the Kitsap County Sheriff's Department that he will be living in the location below. HE IS NOT WANTED BY THE POLICE AT THIS TIME. THIS NOTIFICATION IS NOT INTENDED TO INCREASE FEAR; RATHER, IT IS OUR BELIEF THAT AN INFORMED PUBLIC IS A SAFER PUBLIC.

The P.O.P.D. has no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live wherever he chooses.

Sex offenders have always lived in our communities; but it wasn't until passage of the Community Protection Act of 1990 (which mandates sex offender registration) that law enforcement even knew where they were living. In many cases, law enforcement is now able to share that information with you. Citizen abuse of this information to threaten, intimidate or harass registered sex offenders will not be tolerated. Further, such abuse could potentially end law enforcement's ability to do community notifications. We believe the only person who wins if community notification ends is the sex offender, since sex offenders derive their power through secrecy.

The Port Orchard Police Department is dedicated to maintaining our partnership with the community to ensure safety of all who reside here. If you have information regarding current criminal activity, please contact the Port Orchard Police Department or call 911.

Policing Sexual Offences and Sex Offenders Terry Thomas, 2016-08-13 Sexual offending has become a mainstay item of reporting in our daily newspapers and television news bulletins This book offers an account of the policing of sexual offences and the difficulties that confront the police in the investigation of these intrusive crimes It surveys the breath of sexual offences and examines the reporting of sexual crime and the attrition level that follows It proceeds by critically assessing the efforts the police are making to overcome these difficulties and the degree to which they are making progress The book outlines the relatively new police role of policing the convicted sex offenders themselves who are living in the community and are subject to risk management by the police and the requirements of the sex offender register held by the police Written by a leading expert this timely book will be of great interest to scholars of sexual offending and criminal justice

The Sex Offender Register Terry Thomas, Daniel Marshall, 2021-04-11 The Sex Offender Register examines the origins history structure and legalities of the UK sex offender register and explores how political and public opinion has influenced the direction the policy of registration has taken Delving into the origins of the UK sex offender register and how the registration policy has evolved this book provides an understanding of the register and its contribution to public protection while attempting to see the register as a policy that has grown and developed and as having an organic life of its own The sex offender register is designed as a form of public protection rather than a punishment requiring offenders to notify the police of their circumstances and to accept a degree of offender management from the police The book puts the development of the register in its political social and ethical context considers the position of children and young people as offenders outlines the movement of registered offenders across international borders analyses how offenders can be removed from the register explores how other countries in the UK manage sex offenders through registers asks questions about the efficacy of the register and what contribution it makes to public protection looks at specific aspects of registration including the management of information delves into the experience of life on the register examines the influence of public opinion discusses the role of the police as custodians of the register and as offender managers Exploring the different pressures

brought to bear on the register this book provides an authoritative starting point for police officers social workers probation officers magistrates students of Criminology Criminal Justice and Policing and the general reader wanting to understand where the UK sex offender register originated from and how it operates today **The Resettlement of Sex Offenders after Custody** David Thompson, Terry Thomas, 2017-07-14 Circles of Support and Accountability is a voluntary initiative that assists people with convictions for sexual offences to resettle in the community People leaving prison with such convictions often have difficulties in resettling They carry the burden of the conviction itself which may be both stigmatising and isolating and they are the subject of sex offender register requirements parole and other supervisory conditions Circles of Support and Accountability in the UK started over ten years ago and have slowly spread across the country They work closely with the police and probation services but rely entirely on volunteers prepared to give up their time to work with people often otherwise shunned by communities Circles offer support to the person concerned but also hold them accountable for their future behaviour They aim to ensure there are no more victims This book is based on original research and provides a close up picture of how these Circles of Support and Accountability work in practice It brings together for the first time the voices of all the participants from the offenders and the volunteers through to the Coordinators who link the volunteers to the professionals in the form of the police and probation services The research was commissioned by Circles UK and funded by the Wates Foundation and the University of Leeds School of Law Sex Offender Registration and Notification, 1999

Sex Offenders Dennise Orlando, 1998 **The Registration and Monitoring of Sex Offenders** Terry Thomas, 2012-03-29 This book seeks to provide the first serious and detailed narrative of the conception and implementation of the sex offender registers It seeks to do so in a clear and easy to follow text that will be both informed and critical It will also serve as a resource book for those wanting to make further study of the process of registration and monitoring **Sex Offender Laws** Richard Wright, 2009-03-16 This volume of readings provides an excellent source of information about sex offender laws and policies International Journal of Offender Therapy and Comparative Criminology Sex Offender Laws is a good source for balanced objective and thorough critique of our current sex offender policies as well as a source for accurate information about a very heterogeneous population The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions do not often work will be informative and enlightening to many readers Sex Roles This fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy makers would want to consider It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies Intellectually honest politicians should read this book Michael Tonry LL B Professor of Law and Public Policy University of Minnesota Law School From the Foreword In response to many high profile cases of sexual assault federal and state governments have placed a number of unique criminal sanctions on sex offenders These include residency restrictions exclusionary zones electronic monitoring and chemical castration However the majority

of sex offender policies are not based on empirical evidence nor have they demonstrated any significant reductions in offender recidivism. In fact, some of these policies have unintended consequences which actually increase the likelihood of sexual offenses. In this book, Wright critically analyzes existing policies and assesses the most effective approaches in preventing sex offender recidivism. This provocative and timely book draws from the fields of criminal justice law, forensic psychology, and social work to examine how current laws and policies are enacted and what to date is known about their efficacy. The team of expert contributors includes Karen Terry, author of *Sexual Offenses and Offenders*, and others who bring a wealth of insight to the field of sex offense. In response to the failed policies of sex offender laws, this book presents alternative models and approaches to sex offense laws and policies. Wright also explores critical cutting edge topics such as internet sexual solicitation, the death penalty, and community responses to sex offense.

Key Features: An introduction and overview of the history of sex offender laws. Analyzes the role of the media in sex offense and sex offender policies. Examines the political untouchability of sex offender laws and their adverse effects. Features interviews with victims of sexual assault investigating their points of views on what kinds of reforms need to be made to sex offender laws. Thought provoking and insightful. *Sex Offender Laws* serves as a vital resource for policy makers, researchers, and students of criminal justice law and social work.
