Caring for Justice Robin West, 1999-03 Over the past decade mainstream feminist theory has repeatedly and urgently cautioned against arguments which assert the existence of fundamental or essential differences between men and women Any biological or natural differences between the sexes are often flatly denied on the grounds that such an acknowledgment will impede women's claims to equal treatment In *Caring for Justice* Robin West turns her sensitive measured eye to the consequences of this widespread refusal to consider how women's lived experiences and perspectives may differ from those of men Her work calls attention to two critical areas in which an inadequate recognition of women's distinctive experiences has failed jurisprudence We are in desperate need she contends both of a theory of justice which incorporates women's distinctive moral voice on the meaning of justice into our discourse and of a theory of harm which better acknowledges compensates and seeks to prevent the various harms which women disproportionately and distinctively suffer Providing a fresh feminist perspective on traditional jurisprudence West examines such issues as the nature of justice the concept of harm economic theories of value and the utility of constitutional discourse She illuminates the adverse repercussions of the anti essentialist position for jurisprudence and offers strategies for correcting them Far from espousing a return to essentialism West argues an anti anti essentialism which greatly refines our understanding of the similarities and differences between women and men

On the Frontlines of Crisis Jason Rodriguez, 2025-09-09 *On the Frontlines of Crisis* is a powerful account of the experiences of healthcare workers during the COVID 19 pandemic As hospitals worldwide became overwhelmed by an influx of critically ill patients those working in intensive care units ICUs were thrust into an unprecedented battle against a deadly virus about which little was understood Rodriguez takes readers into the heart of two Massachusetts ICUs to learn about the people who put their lives on the line and faced severe challenges as they treated critically ill patients at the peak of the pandemic A dramatic spike in mental health distress among these healthcare workers was a consequence of the pandemic but was also a result of the changing dynamics within the healthcare system itself Here Rodriguez examines the impact of the development of the contemporary focus on clinical empathy This clinical method while intended to improve patient care had profound implications for healthcare workers during the pandemic often blurring the lines between professional distance and personal involvement increasing the emotional demands on staff and heightened their vulnerability to anxiety depression post traumatic stress and burnout Through the personal stories of those who were in the ICU *On the Frontlines of Crisis* offers a sobering reflection on the social and emotional costs of caring for patients
