Millions die, but even worse, the deadly disease known as canine flu afflicts the world's dogs, turning people's pets into horrifying zombie dogs. In a small North Georgia town, those who survive the initial attack set out on a dangerous trip to Savannah, hoping to make contact with friends and family who have started a survivors' community. The US military and government struggle to regain control of the country from the USS Ronald Reagan, an aircraft carrier stationed off the coast of South Carolina. From the Looking Glass Plane, a specially equipped Boeing 707 carrying vital military personnel and US Strategic Command or STRATCOM in Omaha. Meanwhile, American society is in collapse; the power grid no longer functions, and nightly attacks from the zombie dogs mean all survivors are in constant danger.
