Personal Kanban Mapping Work Navigating Life English Edition:

Summary - Personal Kanban: Mapping Work / Navigating Life By Jim Benson & Tonianne DeMaria Barry MY MBA,2022-05-28 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes How to better manage your personal time It is difficult to control your time and many methods taught on the internet are inefficient because they are often too complex The Kanban system was developed by Toyota and allowed them to develop procedures that reduce their production costs while offering a high level of quality Creating your own personal Kanban will allow you to be more efficient in managing your time In this book you will learn How to have a better work life balance What are the two founding principles of the personal kanban How to build your personal Kanban How to use your personal kanban on a daily basis How does the personal kanban help you to be better organized Why will the Personal Kanban reduce your stress at work Our answers to these questions are easy to understand simple to implement and quick to execute Ready to manage your personal time better Let s go Buy now the summary of this book for the modest price of a cup of coffee *Personal Kanban* Jim Benson,Tonianne DeMaria Barry,2011 Productivity books focus on doing more Jim and Tonianne want you to focus on doing better Personal Kanban takes the same Lean principles from manufacturing that led the Japanese auto industry to become a global leader in quality and applies them to individual and team work Personal Kanban asks only that we visualize our work and limit our work in progress Back cover **Four Thousand Weeks** Oliver Burkeman,2021-08-10 AN INSTANT NEW YORK TIMES BESTSELLER Provocative and appealing well worth your extremely limited time Barbara Spindel The Wall Street Journal The average human lifespan is absurdly insultingly brief Assuming you live to be eighty you have just over four thousand weeks Nobody needs telling there isn t enough time We re obsessed with our lengthening to do lists our overfilled inboxes work life balance and the ceaseless battle against distraction and we re deluged with advice on becoming more productive and efficient and life hacks to optimize our days But such techniques often end up making things worse The sense of anxious hurry grows more intense and still the most meaningful parts of life seem to lie just beyond the horizon Still we rarely make the connection between our daily struggles with time and the ultimate time management problem the challenge of how best to use our four thousand weeks Drawing on the insights of both ancient and contemporary philosophers psychologists and spiritual teachers Oliver Burkeman delivers an entertaining humorous practical and ultimately profound guide to time and time management Rejecting the futile modern fixation on getting everything done Four Thousand Weeks introduces readers to tools for constructing a meaningful life by embracing finitude showing how many of the unhelpful ways we ve come to think about time aren t inescapable unchanging truths but choices we ve made as individuals and as a society and that we could do things differently Pragmatic Kanban Foundation Courseware - English Jasper Sonneveld,Jeroen Venneman,2020-03-25 This Kanban Foundation course is for individuals and teams that want to learn and demonstrate their understanding and proficiency in managing their work with Kanban This

[The Highly Effective Office](#) Timothy Schipper,2019-01-15 The Highly Effective Office covers the transformation journey required to change the culture in the workplace from processes that suffer from functional separation and silo ed departments to efficient and integrated systems Most office processes have evolved into separate and

autonomous stand alone functions that are sub optimized The result is added wastes in the processes and the customers are often the first to notice The wastes parallel the manufacturing floor wastes and deserve the same attention for identification and removal Yet the culture of the office is predisposed to work by a separation of duties Roles and responsibilities are not aligned around processes The same type of dramatic transformations that were enabled on the concrete factory floor are needed in carpeted offices This book describes methods to transform the value streams in the office and administrative areas of organizations and it outlines why Lean works just as well in the office as it does in manufacturing Wastes typically reach 50% of the process effort and these processes are ripe for improvement Throughout the book waste removal in office processes are fully illustrated with descriptions of applying Lean tools to achieve flow Case studies from the corporations non profits and higher education institutions demonstrate how various types of organizations have reached success by applying Lean principles to their processes Lean expert Timothy Schipper outlines the structural and leadership changes that are required to create a transformational journey for process change and continuous improvement Leadership activities are outlined along with descriptions of how to assign ownership and responsibility for the changes inside the organization Various leadership behaviors are explored that support and help to sustain the effort Attention is given to how to start the journey how to select projects and launch them with clear goals and objectives and how to run successful workshops as well as visual tools and techniques and educational content Finally and most importantly a description of the mature Lean culture is offered to show how to embed process improvement into the organization
