

CHAPTER II

REVIEW OF RELATED LITERATURE

This chapter presents three main points, which are: review of related studies, review of theoretical studies, and theoretical framework. Review of previous studies is a review of previous researches which closely related to the present research. Review of theoretical studies is a review of previous theories used in this present research. The last point is theoretical framework which depicts why and how this present research is carried out.

2.1 Review of the Previous Studies

Many studies pertaining to textbook analysis, Higher Order Thinking Skills (HOTS) analysis, and reading comprehension questions analysis are widely conducted. Here is the review of the previous related studies regarding those issues. The discussion focuses on seeing the differences between the previous studies and this present study.

2.1.1 Research on Textbook

First thing first is the discussion of research on textbook. Islam (2013) analyzed English textbooks for 9th and 10th grade viewed from teachers' perspectives focusing on six aspects, such as, attractiveness of the text and physical make up, subject and content, exercises and activities, language type, language skills, and context and its efficacy based on the standard textbook. The research was a descriptive research using questionnaire and two open-ended questions to collect the data from 45 males and females Bangladeshi teachers as the participants. The
