Literacy Across The Curriculum Pocketbook Caroline Bentley-Davies,2014-08-25 The latest teaching

standards demand that all teachers take responsibility for promoting high standards of literacy and correct use of standard English whatever the teacher's specialism. That's no bad thing but it leaves some of us feeling under-trained and over-exposed. Enter the Literacy Across the Curriculum Pocketbook. The book is based on four principles: literacy is important for all learning; we owe it to our pupils to help them develop their literacy; developing strategies for LAC enhances teaching and learning across the school; teachers do not have to be literacy experts to promote LAC. In a series of punchy chapters, *Speaking for Success: Write Better, Vamp up your Vocabulary*, Splendid Spelling, Raring to Read, Caroline Bentley Davies presents practical ideas and simple strategies for incorporating literacy skills into your own lessons. All this plus some really helpful advice on note making and a self-audit LAC checklist. Literacy Across the Curriculum Pocketbook is a necessity for all teachers wanting to find manageable, effective and exciting ways of promoting literacy in their lessons. A great resource. Justin Wakefield. Literacy makes tricky spelling stick, weave literacy seamlessly into your lessons. I love it. Lesley Ann McDermott. History Teacher, St Patrick's Catholic College, Thornaby-on-Tees. Contains everything you should know about Literacy and more. Written in a clear and concise manner, even as an experienced English teacher, it still taught me a trick or two. Sarah Martin, CPD Leader, Academies Enterprise Trust.

Teaching Physical Education Gary Stidder, 2022-10-25. This book assesses the landscape of physical education today and the issues that shape it as a curriculum subject, particularly in the era of COVID-19. It explores the processes of transformation and change that follow government policy and considers what this means for physical education practitioners in schools. The book covers a wide range of important issues across micro-political, social, cultural, historical and post-modernist categories. Bringing together current research with autobiographical and anecdotal reflections on the realities of PE teaching, it considers the significance of issues such as the emphasis on competitive sport in schools, the socialization of teachers, the influence of politics and policy on the classroom, colonization and decolonization of the curriculum, digital technologies, the health and well-being agenda, and the impact of the COVID-19 pandemic. Offering a unique set of critical perspectives on physical education today, this book is essential reading for any physical education course for all teacher training programmes with a PE track and for all practising teachers, teacher educators or policy makers with a professional interest in PE.
