Political Psychology Journal:

Political Psychology John T. Jost, Jim Sidanius, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company [The Cambridge Handbook of Political Psychology](#) Danny Osborne, Chris G. Sibley, 2022-02-24 This handbook reviews political psychology from an international perspective covering foundational approaches and contemporary challenges *Political Psychology* John T. Jost, Jim Sidanius, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **The Cambridge Handbook of Political Psychology** Danny Osborne, Chris G. Sibley, 2022-02-24

The Cambridge Handbook of Political Psychology provides a comprehensive review of the psychology of political behaviour from an international perspective Its coverage spans from foundational approaches to political psychology including the evolutionary personality and developmental roots of political attitudes to contemporary challenges to governance including populism hate speech conspiracy beliefs inequality climate change and cyberterrorism Each chapter features cutting edge research from internationally renowned scholars who offer their unique insights into how people think feel and act in different political contexts By taking a distinctively international approach this handbook highlights the nuances of political behaviour across cultures and geographical regions as well as the truisms of political psychology that transcend context Academics graduate students and practitioners alike as well as those generally interested in politics and human behaviour will benefit from this definitive overview of how people shape and are shaped by their political environment in a rapidly changing twenty first century *Political Psychology* Cristian Tileagă, 2013-10-03 This book emphasises the theoretical and methodological diversity of the field of political psychology as a means for understanding political behaviour

The Oxford Handbook of Political Psychology Leonie Huddy, David O. Sears, Jack S. Levy, 2013-08-01 Political psychology applies what is known about human psychology to the study of politics It examines how people reach political decisions on topics such as voting party identification and political attitudes as well as how leaders mediate political conflicts and make foreign policy decisions The Oxford Handbook of Political Psychology gathers together a distinguished group of scholars from around the world to shed light on these vital questions Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new material providing an up to date account of cutting edge research within both psychology and political science this is an essential reference for scholars and students interested in the intersection of the two fields **Political Psychology** Margaret G. Hermann, 1986 *Thinking about Political Psychology* James H. Kuklinski, 2002-03-04 In this 2002 volume political psychologists take a hard look at political psychology They pose and then address the kinds of tough questions that those outside the field would be inclined to ask and those inside should be able to answer satisfactorily Not everyone will agree with the answers the authors provide and in some cases the best an

author can do is offer well grounded speculations. Nonetheless the chapters raise questions that will lead to an improved political psychology and will generate further discussion and research in the field. The individual chapters are organised around four themes. Part I tries to define political psychology and provides an overview of the field. Part II raises questions about theory and empirical methods in political psychology. Part III contains arguments ranging from the position that the field is too heavily psychological to the view that it is not psychological enough. Part IV considers how political psychologists might best connect individual level mental processes to aggregate outcomes.

Introduction to Political Psychology Martha L. Cottam, Elena Mastors, Thomas Preston, Joe W. Huseby, 2025-09-17 This fifth edition of *Introduction to Political Psychology* explores the many psychological patterns that influence individual political behavior. The authors introduce readers to a broad range of theories, concepts and case studies of political activity, arguing that individuals are driven or motivated to act in accordance with personality characteristics, values, beliefs and attachments to groups. The book explains many aspects of political behavior, whether seemingly pathological actions or normal decision making practices which sometimes work optimally and sometimes fail. Thoroughly updated throughout, the book examines patterns of political behavior in areas including leadership, group behavior, voting, race, nationalism, terrorism and war. This edition features detailed coverage of political polarization and the psychology behind it. Up to date topics and case studies focused on the 2024 US election, the war in Ukraine and the Israel Palestine conflict, as well as social movements such as climate change activism, Black Lives Matter and MeToo. A robust suite of timesaving support material. Accessibly written and comprehensive in scope, it is an essential companion for all graduate and upper level undergraduate students of psychology, political science and political psychology. It will also be of interest to those in the policy making community, especially those looking to learn more about the extent to which perceptions, personality and group dynamics affect the policy making arena.

The ^AOxford Handbook of Political Psychology, 2023-09-08 This updated third edition gathers together an international group of distinguished scholars to provide an up to date account of key topics and areas of research in political psychology. Focusing first on political psychology at the individual level (attitudes, values, decision making, ideology, personality) and then moving to the collective (group identity, mass mobilization, political violence), this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy. Now with new chapters on authoritarianism, nationalism, status hierarchies and minority political identities, along with updated material, this is an essential reference for scholars and students interested in the intersection of the two fields.

Gender and Political Psychology Zoe Oxley, 2017-10-02 This book showcases new work done by gender politics scholars and political psychologists covering a variety of political psychology topics. These include stereotyping and prejudice, intergroup conflict, social identity, attitude formation, group affinity, group decision making, anxiety, contextual effects on individual behaviour and the evolutionary roots of political behaviour. Political psychological insights are applied to address topics of longstanding concern within the field of gender and

politics Among the citizenry gender differences in political ideology responses to partisan conflict Hispanic identity formation and symbolic racism are explored Other chapters pose the following questions relating to female candidates What have been the effects of state parties gender inclusive policies Who is most likely to gender stereotype candidates Are general attitudes toward women in political office related to vote choice in specific contests What are the implications of politicized motherhood Finally a set of essays engage a variety of themes related to gender decision making rules and authority in small deliberative bodies This book was originally published as a special issue of *Politics Groups and Identities* **The Oxford Handbook of Political Psychology** Leonie Huddy, David O. Sears, Jack S. Levy, 2013-09-19 A revised version of this essential interdisciplinary handbook *Political Psychology of Turkish Political Behavior* Cengiz Erisen, 2016-04-14 The primary motivation for this book is to focus on something crucial that is missing in Turkish political science well founded theories on the Turkish voter and empiricism in scholarly research Given the absence of such theories one could ask what then the best model is for explaining a Turkish citizen's vote choice and political behaviour and what schools of thought Turkish political science has Unfortunately it is not possible to offer a satisfactory response to either question at this point and among the clear deficiencies in the current literature the primary one is the lack of a robust model explaining how Turkish citizens form their political attitudes engage in political participation or cast their votes With these important questions in mind this book aims to generate an interest in the theoretical and methodological tools that one can employ to conduct research contributing to the needs of the literature particularly in political behaviour and political psychology This book expands our understanding about the processes and the mechanisms of Turkish political behaviour and contributes to the foundations of theory building in the literature This book was published as a special issue of *Turkish Studies* *The Political Psychology of Social Unrest in Latin America* Hüseyin Çakal, David Sirlopú, Vanessa Smith-Castro, 2025-04-24 The Political Psychology of Social Unrest in Latin America is a unique collection of research and writings by Latin American scholars It explores the social psychological and political factors of the recent turmoil in Latin American countries From the impeachment demonstrations in Brazil student movements in Chile and massive demonstrations in Costa Rica Peru Colombia Ecuador Bolivia and Mexico this edited volume analyses the underlying similarities and differences between these events through the lens of diverse research traditions methods and researchers The book examines both actual inequalities and disadvantages as well as the role of perceptions of inequality and injustice The authors also investigate the role of micro processes such as cultural consumption in the family and the role of social psychological processes in historical Latin American unrest By utilising leading approaches in social and political psychology and testing these approaches in the context of a very diverse and dynamic non WEIRD Western Educated Industrialized Rich and Democratic societies the authors bring the communities and civilizations less studied by Western social psychologists to the international audience Focusing on how social and political processes unfold in different countries and providing insights into the psychological underpinnings of social unrest

from a variety of perspectives this is an essential reading for students and researchers of psychology social political peace and cross cultural psychology as well as political science and sociology

Political Psychology in International Relations Rose McDermott, 2009-12-22 This outstanding book is the first to decisively define the relationship between political psychology and international relations Written in a style accessible to undergraduates as well as specialists McDermott's book makes an eloquent case for the importance of psychology to our understanding of global politics In the wake of September 11 the American public has been besieged with claims that politics is driven by personality Saddam Hussein Osama bin Laden Kim Chong Il Ayatollah Khomeini America's political rogues gallery is populated by individuals whose need for recognition supposedly drives their actions on the world stage How does personality actually drive politics And how is personality in turn formed by political environment Political Psychology in International Relations provides students and scholars with the analytical tools they need to answer these pressing questions and to assess their implications for policy in a real and sometimes dangerous world

Social Psychology and Politics Joseph P. Forgas, Klaus Fiedler, William D. Crano, 2015-04-17 Social psychology and politics are intricately related and understanding how humans manage power and govern themselves is one of the key issues in psychology This volume surveys the latest theoretical and empirical work on the social psychology of politics featuring cutting edge research from a stellar group of international researchers It is organized into four main sections that deal with political attitudes and values political communication and perceptions social cognitive processes in political decisions and the politics of intergroup behavior and social identity The contributions address such exciting questions as how do political attitudes and values develop and change What role do emotions and moral values play in political behavior How do political messages and the media influence political perceptions What are the psychological requirements of effective democratic decision making and why do democracies sometimes fail How can intergroup harmony be developed and what is the role of social identity in political processes As such this volume integrates the role of cognitive affective social and cultural influences on political perception and behavior offering an overview of the psychological mechanisms underlying political processes It provides essential reading for teachers students researchers and practitioners in areas related to power social influence and political behavior

The Palgrave Handbook of Global Political Psychology H. Dekker, 2016-04-30 This collection recalibrates the study of political psychology through detailed and much needed analysis of the discipline's most important and hotly contested issues It advances our understanding of the psychological mechanisms that drive political phenomena while showcasing a range of approaches in the study of these phenomena

Handbook of Political Psychology Jeanne Nickell Knutson, 1973

Citizens and Politics James H. Kuklinski, 2001-06-11 This volume brings together some of the research on citizen decision making

The Oxford Handbook of Political Psychology Leonie Huddy, David O. Sears, Jack S. Levy, Jennifer Jerit, 2023 This updated third edition gathers together an international group of distinguished scholars to provide an up to date account of key topics and areas of research in political psychology Focusing

first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new chapters on authoritarianism nationalism status hierarchies and minority political identities along with updated material this is an essential reference for scholars and students interested in the intersection of the two fields
