*This is a unique labor operation for bulletin use only. It will not be published in the Labor Time Guide.		

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper repair of a vehicle. Properly trained technicians have the equipment, tools, facility, instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle or the next vehicle will have this condition. See your GM dealer for information on whether your vehicle may benefit from this information.
