**Locality Domains in the Spanish Determiner Phrase** M. Emma Ticio, 2009-12-03 Examining its subject from a generative perspective this highly detailed text deals with the syntax of nominal expressions It focuses on empirical data taken from the Spanish language though the author goes further to draw conclusions of wider theoretical interest from material culled from other languages too The book considers crucial phenomena in the nominal domain such as extraction out of nominal phrases and ellipsis in these phrases as well as their modification In doing so it provides the reader with a unified explanation of a number of phenomena that

have not previously been analyzed under a single basic account In particular Ticio explores how economy notions interact with a number of functional categories with the length and type of movements allowed and with the existence of three internal domains within nominal expressions She uses these observations to inform her analysis of the structure of arguments and adjuncts in nominal expressions and of the potential these elements have for extraction To test the empirical adequacy of her analysis she employs phenomena such as the properties of attributive adjectives partial cliticization and nominal elision in Spanish nominal phrases !asi! 1Teacher's Book Mike Calvert, Helena Gonzalez-Florida, Niobe O'Connor, Amanda Rainger, 2004 Don't let them drop Spanish A major growing concern in schools is the decline in the number of language students and the impact this could have on your department Which is why we've developed Asi the only course to captivate all your students and help keep Spanish alive in your school **American English in Mind Starter Teacher's Edition** Brian Hart, 2010-12-06 American English in Mind is an integrated four skills course for beginner to advanced teenage learners of American English The American English in Mind Starter Teacher's Edition provides an overview of course pedagogy teaching tips from Mario Rinvolucri interleaved step by step lesson plans audio scripts Workbook answer keys supplementary grammar practice exercises communication activities entry tests and other useful resources **Business Benchmark Upper Intermediate BULATS Student's Book** Guy Brook-Hart, 2013-01-24 La 4e de couverture indique Business Benchmark Second edition is the official Cambridge English preparation course for BULATS A pacy topic based course with comprehensive coverage of language and skills for business it motivates and engages both professionals and students preparing for working life Business Benchmark Upper Intermediate Business Vantage Student's Book Guy Brook-Hart, 2013-01-24 Business Benchmark Second edition is the official Cambridge English preparation course for Cambridge English Business Preliminary Vantage and Higher also known as BEC and BULATS A pacy topic based course with comprehensive coverage of language and skills for business it motivates and engages both professionals and students preparing for working life The Business Vantage Student's Book contains authentic listening and reading materials including interviews with business people providing models for up to date business language Grammar and vocabulary exercises train students to avoid common mistakes identified using Cambridge's unique collection of real exam candidates answers Grammar workshops practise grammar in relevant business contexts A BULATS version of this Student's Book is also available *Face2face Pre-intermediate Workbook with Key* Chris Redston, Nicholas Tims, Gillie Cunningham, 2012-02-23 Face2face Pre intermediate is an easy to teach General English course that helps adults and young adults to speak and listen with confidence The DVD ROM in the Student's Book includes consolidation activities and electronic portfolio for learners to track their progress with customisable tests and grammar and vocabulary reference sections **Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...
