**Understanding Reality Television** examines a range of programmes which claim to depict real life **Real People and the Rise of Reality Television** Michael McKenna, 2015-06-25 The origins of and in many ways the prototype for modern reality programming can be traced to Real People a show that premiered on the NBC network in April of 1979 An instant ratings success Real People appealed to an audience that clamored for stories about everyday men and women However many of the vignettes focused on individuals who were far from average eccentric collectors allegedly talented performers and inspirational overachievers many of whom could be called quirky if not just plain weird In the wake of the show s success a rash of imitators followed What had started out as a counter programming gamble became the norm and now the television airwaves are littered with reality shows In Real People and the Rise of Reality Television Michael McKenna looks at the show that started a trend in television viewing one that now permeates not only the major networks but almost all of cable

channels as well McKenna traces the history of reality programming back to the early days of television up to the late 1970s when networks were beginning to take a chance on non scripted prime time shows The author provides an in depth look at how Real People evolved from profiles of peculiar characters to an almost weekly display of hyper patriotism largely fueled by a desperate desire to recover from the disappointments of the 1970s McKenna also charts the rise of shows that aimed to duplicate Real People s success That s Incredible The People s Court COPS America s Funniest Home Videos and MTV s The Real World Though Real People was cancelled in 1984 reality themed programming flourished and this look at the show s history makes for a fascinating read Fans of nonfiction programs owe a debt to the show that started it all and Real People and the Rise of Reality Television provides readers with insights into how and why one show changed the cultural landscape forever
