Leaders John Wilson,Diana Boxer,2015-10-15 Discourse Politics and Women as Global Leaders focuses on the discourse practices of women in global political leadership It provides a series of discursive studies of women in positions of political leadership Political leadership is defined as achieving a senior position within a political organization and will often indicate a senior role in government or opposition The volume draws on a diverse collection of studies from across the globe reflecting a variety of cultures and distinct polities The primary aim is to consider in what way s discursive practice underpins reflects or is appropriated in terms of women s political success and achievements within politics The chapters employ differing theoretical approaches all bound by the discursive insights they provide and in terms of their contribution to understanding the role of language and discourse in the construction of gendered identities within political contexts Framing Sarah

Palin Linda Beail,Rhonda Kinney Longworth,2013 Sarah Palin s 2008 vice presidential candidacy garnered tremendous levels of interest polarizing the American public both Democrats and Republicans alike While many have wondered who she really is trying to cut through the persona she projects and the one projected by the media Beail and Longworth analyze why she touches such a nerve with the American electorate Why does she ignite such passionate loyalty and such loathing How did her candidacy mobilize new parts of the electorate Using the notion of framing as a way of understanding political perception the authors analyze the narratives told by and about Sarah Palin in the 2008 election from beauty queen maverick faithful fundamentalist and post feminist role model to pit bull hockey mom frontier woman and political outsider They discuss where those frames are rooted historically in popular and political culture why they were selected and the ways that the frames resonated with the electorate Framing Sarah Palin addresses the question of what the choice and perception of these frames tells us about the state of American politics and about the status of American women in politics in particular What do the debates engendered by these images of Palin say about the current roles and power available to women in American society What are the implications of her experience for future candidates particularly women candidates in American politics

Constitutional how Donald Trump would write Hallmark cards a state senator who thinks butts and vaginas are the same thing and so much more So sit back relax and let laughter guide you in LOL at the GOP Volume 7 Obstruction of Conscience

The Palin Effect Shana Pearlman,2012-02-16 A US presidential election is quite simply the greatest show on Earth In the battle to occupy the most important seat in the world in which power can be bought and sold forces on either side hoodwink the public and claim their political victims Witness the age of the Palin Effect An extraordinary expos of the political depravities and media proliferated inequalities of the entire electoral process The Palin Effect sheds light on an ugly phase of American politics hell bent on slander and spurious belittling Revealing an increasingly greedy war based on class sex and money former Fox News and BBC journalist Shana Pearlman looks at what motivates the protagonists in the electoral circus the media the people the money the candidates themselves and wonders how free this star spangled land really is

No Excuses Gloria Feldt,2010-09-28 An invaluable guidebook which contends that the most vexing problems facing women today isn't that doors of opportunity aren't open but that not enough women are walking through them Feminist icon Gloria Feldt pulls no punches in this new book which argues that the most confounding problem facing women today isn't that doors of opportunity aren't open but that not enough women are walking through them From the boardroom to the bedroom public office to personal relationships she asserts that nobody is keeping women from parity except themselves Feldt puts women's power into an historical context showing the ways in which women have made huge leaps forward in the past only to pull back right when they were at the threshold Feldt argues that there's no excuse whether it's the way women are socialized or pressure to conform or work life balance issues for women today not to own their power Women are still facing unequal pay being passed over for promotions entering public office at a much lesser rate than men and oftentimes still struggling with traditional power dynamics in their interpersonal relationships Feldt's solution to all these places where women face inequality is the same we need to shift the way we think to achieve true parity with our male counterparts No Excuses is divided into nine chapters that organized around how women can change the way they think and therefore the way they act These include Know Your History and You Can Create the Future of Your Choice Define the Terms First Embrace Controversy Employ Every Medium and other helpful ideas for using the tools and resources women already have to create the changes they want to see No Excuses is a timely and invaluable book to help women equalize gender power in politics work and love

Graham,2016-01-14 To liberals A Conservative s Book of Proverbs Parables and Prophecies is a book filled with hundreds of micro aggressions What a liberal calls a micro aggression a conservative calls good old fashioned horse sense The author will use this horse sense to answer many of the unanswerable questions that has plagued the great philosophers of liberal history Questions like What is the meaning of life and what is the purpose for living Is there life after death Does God exist If so why would a God of love create death Is God political If so is he a liberal or a conservative What is the Kingdom of God Is it a paradise on earth or is it in Heaven What is the mark of God the mark of man and the mark of the beast Will there ever be peace on earth If so how will it come If the Gospel is good news why is so much Bible prophecy bad news These and other deep questions will be answered in this book But the main purpose of this book is to give conservatives a hope in a bright future And a faith to weather the liberal storm that will come before that bright future comes A Conservative s Book of Proverbs Parables and Prophecies will give the average Joe some insights on how to take on the liberal propaganda machine If that average Joe can take on the demonizing liberal propaganda machine then maybe the leadership of the Republican Party will have the courage to do the same America needs the leadership of conservative average Joes to lead us out of our liberal funk If America will repent of its liberal sins then God will bless America again *Outlook* ,2008-09-15 **The Lies**

of Sarah Palin Geoffrey Dunn,2025-09-23 In *The Lies of Sarah Palin* Geoffrey Dunn provides the first full scale and in depth political biography of the controversial Republican vice presidential candidate and former governor of Alaska Based on more than two hundred interviews many of them with Republican colleagues and one time political allies of Palin s and more than forty thousand pages of uncovered documents Dunn chronicles Palin s troubling penchant for duplicity in grim detail from her dysfunctional childhood in Wasilla through her contentious run for mayor and her failed governorship of Alaska He also provides the shocking inside story of her betrayal of running mate John McCain during the 2008 presidential campaign and her self serving resignation as governor in July of the following year Dunn deftly places Palin in the American tradition of right wing demagogues from Huey Long to Joe McCarthy and details her troubling obsession with Barack Obama as it fuels her own political ambitions and a potential run for the presidency in 2012 *The Lies of Sarah Palin* is a journalistic tour de

force that vividly reveals the Queen of the Tea Party movement as a vengeful and manipulative empress without clothes This is the definitive book on Sarah Palin *Irrepressible Conflict: The Cause of the American Civil War* Stanley M. Harmon, 2014-04 The Civil War resulted from the insistence of Southern firebrands that the 1820 restrictions on where slavery could be practiced in the Western territories of the USA be removed and the dogged determination of some Northerners to restrict the brutal treatment of blacks and finally put slavery on the road to extinction In the 1850 s big shoes dropped one after another in staccato fashion to dash such hopes the final straws were the Dred Scott Decision in 1857 saying blacks weren t even people and Congress had no power to restrict slavery anywhere and Civil War was going on in bleeding Kansas between adherents of the two stances John Brown was radicalized there by the sacking of Abolitionist stronghold Lawrence He and his sons killed some Jayhawkers slavery adherents from Missouri Then Brown his sons and a few others lit a fuse in Oct 1859 by a hare brained scheme to seize the Federal arsenal at Harpers Ferry to arm slaves and precipitate action to free them So when Lincoln was elected in 1860 the South bolted As they had threatened for 15 years America was almost destroyed Until July 4 1863 when two Union victories insured that these honored dead 800 000 shall not have died in vain Abraham Lincoln Gettysburg Pa Nov 1863 *Common Nonsense* Kabembo Chinku, 2012-09-28 Its almost a universal phenomenon Nobody knows when how and why it started but society somehow allows their political leaders to get away with nearly anything up to and including murder at least in many countries in Asia Eastern Europe Africa and Central and South America Here in these United States of America no one is suggesting at least not me that our political leaders are guilty of committing murders To the extent that anybody can accuse them of such its their enacting of lax gun laws at the behest of the NRA Thanks to these laws anyone applying for a permit to buy an automatic assault weapon is no more subjected to rigorous background check than they are buying candy By this and this alone U S politicians are partly to blame in the deaths of innocent people Anyway this book is not about murders or guns In a way though its about death the death of reason and sense in politics Its about some insidious behavior that politicians get away with Society itself is to blame for tacitly permitting politicians to engage in such a behavior So here in the United States as is the case everywhere politicians get away with too much Corruption lying or showing a disdain for facts being lazy stealing and cheating on their spouses We also allow them to make promises that they cant possibly keep or never keeping promises that they can easily keep We have put the bar for tolerable behaviors or conduct expected of our leaders very low We have reached a stage where the moral code of our politicians is on par with if not worse than that of criminals Well this author decided to draw a line a red line if you want to be dramatic on dumbassness or rather on the dumb things that the people we look up to in society especially our political leaders say They can get away with lying being corrupt etc but they will not be let off so easily for saying things that are decidedly dumb Just as Iran will hear from Israel and the U S if its nuclear or as George W Bush would say nuclear ambitions crosses Israeli Prime Minister Benjamin Netanyahus somewhat arbitrary red line politicians here will hear from me

if and when they cross my own arbitrarily laid dumbassness red line Like most citizens I'll tolerate barely such maladapted behaviors of our politicians as corruption cheating infidelity lying not keeping campaign promises etc but not dumbassness This is what this book is about This author's blood boils when he hears these stupid politicians like Indiana's U S Senate candidate Richard Mourdock say such things as A woman being raped and conceiving as a result is in God's grand scheme of things That is God wanted it that way and therefore that the victim shouldn't be allowed to terminate such a pregnancy Unlike most books this is not one long continuous story One need not necessarily start reading from page one or chapter one successively to the last One can jump around or even begin with the last chapter Every chapter is a stand alone chapter There is no continuity to worry about if you decide to read the book in a sort of haphazard manner You're going to encounter unbelievable dumbassness of our politicians on every page Politicians and other leaders of society may get away with having the morals and ethics of alley cats but I'll be damned if I'll let them get away with the immaturity of pre adolescents and the dumbassness of a jackass This is my *raison d'être* or if you want to be religious about it it's my calling Let me add that had my sense of self preservation not been so heightened I'd have moved to Russia to take on Emperor Vladimir Putin But I don't like having Polonium 210 as part of my diet Thank you and enjoy Kabembo Chinku *"Unmitigated Disaster"* Louis D. Cruz, 2012-10 A story of America is moving forward And NOW that word forward happens to be the slogan of the very man that Republican Willard Mitt Romney is trying to unseat America the Party of NO has a man who will insist to see your ID Birth Certificate but won't release his Tax Returns at the least 5 6 of them so the voting electorate will know how to trust him There are many perfectly legal ways for all weasels to get out of paying taxes Especially if you can afford armies of creative accountants to find them all In our own Country's Congressional Leaders there is Nothing but shameless lies and dishonor That explains what's going on here If election in November is to be decided on the several issues Romney the Romney and Ryan the Lying along with the remaining hostile Republicans should stay away from foreign policy this next four years Even drifting into that realm risks reminding voters of Obama's clear advantage in leadership America Bush has been out of office for almost 4 years are YOU really going to continue to blame him This is what the Republicans are saying Honestly if that's were the blame lies absolutely It wouldn't matter even if it's been 100 200 or 300 years since George W the Idiot Bush has been out of office there will STILL remain too many unanswered questions **Sarah Palin Rendezvous with Liberty** Mark Nussbaum, 2009-11 Chronicling Governor Palin's life Mark Nussbaum reveals the real Sarah Palin amidst the political turmoil unfolding around her **Congressional Record** United States. Congress, 2008 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Women and the White House** Justin S. Vaughn, Lilly J. Goren, 2012-11-30

As the first female vice president takes office this volume explores gender perceptions and the executive role. An important impressive book. Lane Crothers, author of *Globalization and American Popular Culture*. The president of the United States has traditionally served as a symbol of power, virtue, ability, dominance, popularity, and patriarchy. In recent years, however, a number of high profile female candidacies have provoked new interest in gendered popular culture and how it influences Americans' perceptions of the country's highest political office. In this timely volume, editors Justin S. Vaughn and Lilly J. Goren lead a team of scholars in examining how the president and the first lady exist as a function of public expectations and cultural gender roles. The authors investigate how the candidates' messages are conveyed, altered, and interpreted in hard and soft media forums from the nightly news to daytime talk shows and from tabloids to the blogosphere. They also address the portrayal of the presidency in film and television productions such as 1964's *Kisses for My President* and 2005's *Commander in Chief*. With its strong multidisciplinary approach, *Women and the White House* commences a wider discussion about the growing possibility of a female president in the United States, the ways in which popular perceptions of gender will impact her leadership, and the cultural challenges she will face. **Keeping the Republic** Christine Barbour, Gerald C.

Wright, 2019-01-02 I consistently recommend the book to colleagues who are teaching American government for the first time. It is easy to use and it provides all of the basics that any student would ever need to know. It is easy for students to read and it challenges their preconceived notions about the world. James W. Stoutenborough, Idaho State University. *Keeping the Republic* gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction, and balance from bias, and influence the message through informed citizenship. *Keeping the Republic* draws students into the study of American politics, showing them how to think critically about who gets what and how, while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Ninth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power, the ability to create and share their own narratives, while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic and some high tech ways to lose it. Throughout the text, and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up to date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, *Keeping the Republic*, Ninth Edition, is a much needed resource to help students make sense of politics in America today. *Keeping the Republic: The Essentials* is identical to the full version of the text minus the three policy chapters.
