The Dangerous Dream Paul W. Silver, 2010-07-14 Typhoon earthquake explosion upheaval are words connoting waste and destruction to be sure But remember there is a creative aspect to catastrophe which sweeps away the old and prepares the way for the new Be that as it may in describing the presidency of Duffy Artois the word revolution is simply inadequate Firestorm might be a word used by members of the two party machine that governed America before Artois But in truth no single word suffices Only a bookful of words might hope to capture the visionary reel of the Artois era Hence *The Dangerous Dream* We can discover no writing nor record that predicted greatness for the ambitious and popular boy growing up in Los Angeles growing first into a passable scholar then into a criminal attorney into a prosecutor a district attorney and climactically in 1998 into the California governor s mansion Young Duffy Artois seemed destined merely for worldly success In 2002 as California governor Artois bravely took all the blame for an abyssal budget deficit even though there was plenty of blame to go around After one 4 year term he was narrowly defeated for reelection For the next 5 years he was content to work behind the scenes as a consultant speechwriter campaign manager He was content to be invisible All the while in the privacy of his heart a critical mass was smoldering Historians may quibble about whether the catharsis began during his term as governor or afterward There is no quibble about the historical fact that by 2007 the year a man named Skipper came along and lighted the fuse Artois had morphed into a walking talking megaton bomb *Dictionary of the English/Creole of Trinidad & Tobago* Lise Winer, 2009-01-16 Using the historical principles of the Oxford English Dictionary Lise Winer presents the first scholarly dictionary of this unique language The dictionary comprises over 12 200 entries including over 4500 for flora and fauna alone with numerous cross references Entries include definitions alternative spellings pronunciations etymologies grammatical information and illustrative citations of usage Winer draws from a wide range of sources newspapers literature scientific reports sound recordings of songs and interviews spoken language to provide a wealth and depth of language clearly situated within a historical cultural and social context

Food and Identity in the Caribbean Hanna Garth, 2013-07-18 This compelling volume brings together original essays that explore the relationship between food and identity in everyday life in the Caribbean The Caribbean history of colonialism and migration has fostered a dynamic and diverse form of modernity which continues to transform with the impact of globalization and migration out of the Caribbean One of the founders of the anthropology of food Richard Wilk provides a preface to this exciting and interdisciplinary collection of essays offering insight into the real issues of food politics which contribute to the culinary cultures of the Caribbean Based on rich contemporary ethnographies the volume reveals the ways in which food carries symbolic meanings which are incorporated into the many different facets of identity experienced by people in the Caribbean Many of the chapters focus on the ways in which consumers align themselves with particular foods as a way of making claims about their identities Development and political and economic changes in the Caribbean bring new foods to the
