Rebalancing Society: Radical Renewal Beyond Left, Right, and Center Henry Mintzberg, 2015

Rebalancing Society Henry Mintzberg, 2015-01-05 Enough of the imbalance that is causing the degradation of our environment the demise of our democracies and the denigration of ourselves Enough of the pendulum politics of left and right and paralysis in the political center We require an unprecedented form of radical renewal In this book Henry Mintzberg offers a new understanding of the root of our current crisis and a strategy for restoring the balance so vital to the survival of our progeny and our planet With the collapse of the communist regimes of Eastern Europe Western pundits declared that capitalism had triumphed They were wrong balance triumphed A healthy society balances a public sector of respected governments a private sector of responsible businesses and a plural sector of robust communities Communism collapsed under the weight of its overbearing public sector Now the liberal democracies are threatened socially politically even economically by the unchecked excesses of the private sector Radical renewal will have to begin in the plural sector which alone has the inclination and the independence to challenge unacceptable practices and develop better ones Too many governments have been co opted by the private sector And corporate social responsibility can't compensate for the corporate social irresponsibility we see around us They won't do it We shall have to do it each of us and all of us not as passive human resources but as resourceful human beings Tom Paine wrote in 1776 We have it in our power to begin the world over again He was right then Can we be right again now Can we afford not to be

Rebalancing Society Henry Mintzberg, 2015-01-05 Our world is out of balance says Henry Mintzberg and the consequences are proving fateful the degradation of our environment the demise of our democracies and the denigration of ourselves with greed having been raised to some sort of high calling But we can set things right Mintzberg argues that a healthy society is built on three balan

Bedtime Stories for Managers Henry Mintzberg, 2019-02-05 If you're like most managers and things keep you up at night now you can turn to a book that's designed especially for you But you won't find talking rabbits or princesses here There is a cow but it doesn't jump Henry Mintzberg has culled forty two of the best posts from his widely read blog and turned them into a deceptively light sneakily serious compendium of sometimes heretical reflections on management The moral here is this managers need to leave their castles and find out what's actually going on in their kingdoms And like real bedtime stories these essays have metaphors galore So prepare to grow strategies like weeds and organize like a cow Discover the maestro myth of managing find the soft underbelly of hard data and learn why downsizing is bloodletting and your board should be a bee Mintzberg writes Just try not to be outraged by anything you read because some of my most outrageous ideas turn out to be my best They just take a while to become obvious

Grey, 2019-04-05 Thirty years after its global triumph neo liberalism is an abject failure While its advocates have succeeded in convincing citizens that no other way is possible that no left turn can be made without an economic collapse they have not fulfilled their promises of a better world and the result has been more inequality insecurity and speculation Many have sought solace in collective goals nationalism narrow religion and gender politics while notions of universal solidarity idealism and humanism have all but disappeared In Capitalism and the Alternatives Julius H Grey seeks to rehabilitate economic equality as a fundamental social goal built on universal values such as individualism liberty and even romanticism To achieve this he argues it is necessary to move away from national ethnic religious and even gender loyalties The importance in each society of common culture and widely accepted moral values Grey suggests cannot be overstated

With its rampant political correctness the modern left seems to have lost sight of morality and individual freedom While most commentators stake out a partisan position in their criticism Grey's notion of individual romanticism as the basis of a socially progressive society and his stress on free will culture classical education and the right to dissent demand an overhaul of both the right and the left A fundamental rethinking of the social political and economic foundations of modern industrial society Capitalism and the Alternatives proposes freedom from identity instead of communitarianism and tradition as a condition for liberty and justice
