*Knowing and Writing School History* Luciana C. de Oliveira,2011-03-01 Because school history often relies on reading and writing and has its own discipline specific challenges it is important to understand the language demands of this content

area the typical writing requirements and the language expectations of historical discourse History uses language in specialized ways so it can be challenging for students to construct responses to historical events It is only through a focus on these specialized ways of presenting and constructing historical content that students will see how language is used to construe particular contexts This book provides the results of a qualitative study that investigated the language resources that 8th and 11th grade students drew on to write an exposition and considered the role of writing in school history The study combined a functional linguistic analysis of student writing with educational considerations in the underresearched content area of history Data set consisted of writing done by students who were English language learners and other culturally and linguistically diverse students from two school districts in California The book is an investigation of expository school history writing and teachers expectations for this type of writing School history writing refers to the kind of historical writing expected of students at the pre college levels

**Bilingualism in the USA** Fredric Field, 2011-08-18 This text provides an overview of bi and multilingualism as a worldwide phenomenon It features comprehensive discussions of many of the linguistic social political and educational issues found in an increasingly multilingual nation and world To this end the book takes the Chicano Latino community of Southern California where Spanish English bilingualism has over a century and a half of history and presents a detailed case study thereby situating the community in a much broader social context Spanish is the second most widely spoken language in the U S after English yet for the most part its speakers form a language minority that essentially lacks the social political and educational support necessary to derive the many cognitive socioeconomic and educational benefits that proficient bilingualism can provide The issues facing Spanish English bilinguals in the Los Angeles area are relevant to nearly every bi and multilingual community irrespective of nation language and or ethnicity

**English Learners Left Behind** Kate Menken, 2008-02-27 In the wake of recent federal legislation entitled No Child Left Behind high stakes standardized testing for accountability purposes is being emphasized in educational systems across the U S for all students including English Language Learners ELLs Yet language proficiency mediates test performance so ELLs typically receive scores far below those of other students This book explores how tests have become de facto language policy in schools shaping what is taught in school how it is taught and in what language s it is taught In New York City while most schools responded to testing by increasing the amount of English instruction offered to ELLs a few schools have preserved native

language instruction instead Moreover this research documents how tests are a defining force in the daily lives of ELLs and the educators who serve them

**Chinese-Heritage Students in North American Schools** Wen Ma,Guofang

Li,2016-03-02 This comprehensive look at Chinese heritage students academic sociocultural and emotional development in the public schools examines pertinent educational theories complex even inconvenient realities learning practices in and outside of schools and social cultural and linguistic complications in their academic lives across diverse settings homes and communities Chinese heritage students are by far the largest ethnic group among Asian American and Asian Canadian communities but it is difficult to sort out their academic performance because NAEP and most state province databases lump all Asian students results together To better understand why Chinese heritage learners range from academic role models to problematic students in need of help it is important to understand their hearts and minds beyond test scores This book is distinctive in building this understanding by addressing the range of issues related to Chinese heritage K 12 students

*Raciolinguistics* H. Samy Alim,John R.

Rickford,Arnetha F. Ball,2016-09-30 Raciolinguistics reveals the central role that language plays in shaping our ideas about race and vice versa The book brings together a team of leading scholars working both within and beyond the United States to share powerful much needed research that helps us understand the increasingly vexed relationships between race ethnicity and language in our rapidly changing world Combining the innovative cutting edge approaches of race and ethnic studies with fine grained linguistic analyses authors cover a wide range of topics including the struggle over the very term African American the racialized language education debates within the increasing number of majority minority immigrant communities in the U S the dangers of multicultural education in a Europe that is struggling to meet the needs of new migrants and the sociopolitical and cultural meanings of linguistic styles used in Brazilian favelas South African townships Mexican and Puerto Rican barrios in Chicago and Korean American cram schools in New York City among other sites Taking into account rapidly changing demographics in the U S and shifting cultural and media trends across the globe from Hip Hop cultures to transnational Mexican popular and street cultures to Israeli reality TV to new immigration trends across Africa and Europe Raciolinguistics shapes the future of scholarship on race ethnicity and language By taking a comparative look

across a diverse range of language and literacy contexts the volume seeks not only to set the research agenda in this burgeoning area of study but also to help resolve pressing educational and political problems in some of the most contested raciolinguistic contexts in the world
