*The Story of Mr. AntiSocial* Michael Jean DuBois, 2018-12-27 I m writing this book as a man in his upper thirties who is recounting about thirty years worth of a lifelong struggle with being comfortable around people That is not knowing how to talk to people not trusting people enough to be comfortable sharing my thoughts feelings and experiences Being socially dysfunctional has led me to do and think a number of things that I m not proud of I m highly critical of myself in this book and throughout my everyday life in general I ve always lamented that I wished I could be someone else But in the end I need to realize that I have to embrace who I am with all my flaws I can only be me I can t be anyone else and I should not want that to be any other way

**Wearable Technology in Medicine and Health Care** Raymond K. Y. Tong, 2018-07-26 Wearable Technology in Medicine and Health Care provides readers with the most current research and information on the clinical and biomedical applications of wearable technology Wearable devices provide applicability and convenience beyond many other means of technical interface and can include varying applications such as personal entertainment social communications and personalized health and fitness The book covers the rapidly expanding development of wearable systems thus enabling clinical and medical applications such as disease management and rehabilitation Final chapters discuss the challenges inherent to these rapidly evolving technologies Provides state of the art coverage of the latest advances in wearable technology and devices in healthcare and medicine Presents the main applications and challenges in the biomedical
