Nerd The Hashtag Series Book 1:

#Nerd Cambria Hebert, 2017-11-09 Deux personnes que tout oppose sont sur le point de se heurter l'une l'autre De plus d'une façon Elle veut garder sa bourse scolaire Il veut rester dans l'équipe Dire que l'alliance que forment Rimmel et Romeo est particulière est un faible mot Mais c'est sur le point de changer Tout commence par un défi Une initiation Un challenge Rapidement cela se transforme et devient bien plus que ça Mais lorsque vous êtes victime de votre statut il y a très peu de place pour quelque chose de vrai de concret Les règles sont claires et simples Restez dans votre cercle Et ne tombez jamais amoureux de quelqu'un qui n'en fait pas partie

Wilful Blindness Estella Ferraro, 2021-03-10 The book explores the ambivalent relationship between identity agency and personal data in the age of digitalisation Using qualitative empirical research including a heterogeneous sample the author analyses the conditions under which humans share personal data construct their selves and act socially The results show how different data and the meaning attached to them vary over time and thus create distortions and fragmentations in relation to how the self is represented The subjects face a loss of agency in light of the power ascribed to data which are often perceived and positioned as objective and unchallengeable This leads to a sense of unease about sharing data for which different coping techniques are found The book critically reflects on these findings and concludes both empirically and theoretically on how identity and agency are constituted in the digital world and the educational implications that result out of this dynamic

Fitzpatrick,2014-12-04 By now it s clear that whether you re promoting a business a product or yourself social media is near the top of what determines your success or failure And there are countless pundits authors and consultants eager to advise you But there s no one quite like Guy Kawasaki the legendary former chief evangelist for Apple and one of the pioneers of business blogging tweeting Facebooking Tumblimg and much much more Now Guy has teamed up with Peg Fitzpatrick who he says is the best social media person he s ever met to offer *The Art of Social Media* the one essential guide you need to get the most bang for your time effort and money With over one hundred practical tips tricks and insights Guy and Peg present a bottom up strategy to produce a focused thorough and compelling presence on the most popular social media platforms They guide you through steps to build your foundation amass your digital assets optimize your profile attract more followers and effectively integrate social media and blogging For beginners overwhelmed by too many choices as well as seasoned professionals eager to improve their game *The Art of Social Media* is full of tactics that have been proven to work in the real world Or as Guy puts it great stuff no fluff

The Qualified Self Lee Humphreys,2018-04-20 How sharing the mundane details of daily life did not start with Facebook Twitter and YouTube but with pocket diaries photo albums and baby books Social critiques argue that social media have made us narcissistic that Facebook Twitter Instagram and YouTube are all vehicles for me promotion In *The Qualified Self* Lee Humphreys offers a different view She shows that sharing the mundane details of our lives what we ate for lunch where we went on vacation who dropped in for a visit didn t begin with mobile devices and social media People have used media to catalog and share their lives for several centuries Pocket diaries photo albums and baby books are the predigital precursors of today s digital and mobile platforms for posting text and images The ability to take selfies has not turned us into needy narcissists it s part of a longer story about how people account for everyday life Humphreys refers to diaries in which eighteenth century daily life is documented with the brevity and precision of a tweet and cites a nineteenth century travel diary in which a young woman complains that her breakfast didn t agree with her Diaries Humphreys explains were often written to be shared with family and friends Pocket diaries were as mobile as smartphones allowing the diarist to record life in real time Humphreys calls this chronicling in both digital and nondigital forms media accounting The sense of self that emerges from media accounting is not the purely statistics driven quantified self but the more well rounded qualified self We come to understand ourselves in a new way through the representations of ourselves that we create to be consumed

American Political Humor Jody C. Baumgartner,2019-10-07 This two volume set surveys the profound impact of political humor and satire on American culture and politics over the years paying special attention to the explosion of political humor in today s wide ranging and turbulent media environment Historically there has been a tendency to regard political satire and humor as a sideshow to the wider world of American politics entertaining and sometimes insightful but ultimately only of modest interest to students and others surveying the trajectory of American politics and culture This set documents just how mistaken that assumption is By examining political humor and satire

throughout US history these volumes not only illustrate how expressions of political satire and humor reflect changes in American attitudes about presidents parties and issues but also how satirists comedians cartoonists and filmmakers have helped to shape popular attitudes about landmark historical events major American institutions and movements and the nation s political leaders and cultural giants Finally this work examines how today s brand of political humor may be more influential than ever before in shaping American attitudes about the nation in which we live **Producing Masculinity**

Michele White,2019-02-08 Thoughtful witty and illuminating in this book Michele White explores the ways normative masculinity is associated with computers and the Internet and is a commonly enacted online gender practice Through close readings and a series of case studies that range from wedding forums to men s makeup video tutorials White considers the ways masculinities are structured through people s collaborations and contestations over the establishment of empowered positions including debates about such key terms and positions as the nice guy nerd bro and groom She asserts that cultural notions of masculinity are reliant on figurations of women and femininity and explores cultural conceptions of masculinity and the association of normative white heterosexual masculinity with men and women A counterpart to her earlier book Producing Women White has crafted an excellent primer for scholars of gender media and Internet studies **#Selfie**
