Nestorius Friedrich Loofs,2017-11-25 Excerpt from *Nestorius And His Place in the History of Christian Doctrine* Having forgotten nearly all I once knew of Syriac I examined the Syriac text with the help of various friends only in a very few places

and I realize how much the ordinary use of the French translation alone is to be regarded as a defect in my lectures I have quoted the numbers of the pages of the original Syriac text as given by Nau only in order that in this way the places where the quotations are to be found maybe more accurately indicated than by merely quoting the pages of Nau s translation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Introducing Christian Doctrine Millard J. Erickson,2001-04 An enhanced version of a classic undergraduate text Early Christian Doctrines J. N. D. Kelly,2000-11-20 A history of doctrines of the early Church written and arranged with exceptional clarity by a leading patristic scholar the principal of St Edmund Hall Oxford Canon Kelly describes the development of the principal Christian doctrines from the close of the first century to the middle of the fifth and from the end of the apostolic age to the

council of Chalcedon His book thus covers the great doctrinally creative period in the Church's history the centuries in which there was a constant upsurge of fresh ideas before the settled formalism of both the East and West He gives the student and invaluable outline of Church history and patrology against which to place the evolving theological doctrines which he summarises and expounds Back cover Cyril of Alexandria's Trinitarian Theology of Scripture Matthew R.

Crawford, 2014-08-28 More exegetical literature survives from the hand of Cyril of Alexandria than nearly any other Greek patristic author yet this sizable body of work has scarcely received the degree of attention it deserves In this work Matthew R Crawford reconstructs the intellectual context that gave rise to this literary output and highlights Cyril's Trinitarian theology received as an inheritance from the fourth century as the most important defining factor Cyril's appropriation of pro Nicene Trinitarianism is evident in both of his theology of revelation and his theology of exegesis the two foci that comprise his doctrine of Scripture Revelation in his understanding proceeds from the Father through the Son and in the Spirit following the order of Trinitarian relations Moreover this pattern applies to the inspiration of Scripture as well insofar as inspiration occurs when the Son indwells human authors by the Spirit and speaks the words of the Father Although Cyril's interpretation of revelation may consequently be called Trinitarian it is also resolutely Christological since the divine and incarnate Son functions as the central content and mediator of all divine unveiling Corresponding to this divine movement towards humanity in revelation is humanity's appropriation of divine life according to the reverse pattern in the Spirit through the Son unto the Father Applied to exegesis this Trinitarian pattern implies that the Spirit directs the reader of Scripture to a Christological interpretation of the text through which the believer beholds the incarnate Son the exemplar of virtue and the perfect image of the Father and accordingly advances in both virtue and knowledge This process continues until the final eschatological vision when the types and riddles of Scripture will be done away with in light of the overwhelming clarity of the Christologically mediated Trinitarian vision **The Doctrine of the Church and Christian Reunion** Arthur Cayley

Headlam, 1923 Journal of Theological Studies, 1918 *The Rise of the Monophysite Movement* W.H.C. Frend, 1972-01-01 The first lasting schism in Christendom was that between Monophysite and orthodox Christianity This well established integrated study examines the social historical background to this significant two hundred year period from the council of Ephesus in 431 to the expulsion of the Byzantines from the Monophysite provinces Contemporary critics view that Monophysitism can be considered as a quarrel about words or as a symbol of the separatist movements in Syria Egypt and Armenia are viewed as limiting in this authoritative survey which moves beyond such criticisms Frend asserts that regional identity does not have to imply separatism and examines this claim in detail The work does not limit its scope to the history of the Christian doctrine either The issues raised by the councils of Ephesus and Chalcedon affected all areas of life beyond the political sphere in the east Roman provinces in the fifth and sixth centuries Through this study the reader can uncover how religion was the medium through which the harmony between government and the governed was mediated in this period

Through nine extensive chapters from The Road to Chalcedon 428 451 through to Syria A Long Farewell Friend provides an examination of the doctrinal issues relating to the Early Church which are essential to a deeper understanding of the history of the fifth and sixth centuries
