The Insider's Guide to Independent Film Distribution Stacey Parks, 2012-10-02 Innovation in technology means that almost anyone can make an independent film these days. Although this may be good news for aspiring filmmakers, it also means that the oversupply of independent films on the market has caused acquisition prices to dramatically decrease. As a result, producers and investors rarely recover their initial investment in the films they make. But don't be discouraged. Use this book to learn the realities of the market in advance and map out a winning distribution plan. This comprehensive manual for filmmakers and producers dedicated to film distribution and the marketplace could mean the difference between getting your film out to the public and keeping it in the can. Learn how to sell your movie to a studio, a cable network, a video distributor, or international buyers. Self-distribution and other alternatives to traditional distribution are also considered. As well, you'll hear some success stories from producers and hear directly from buyers what they are seeking. Stacey Parks has worked with dozens of hungry filmmakers to get their films a distribution deal and knows how frustrating the whole process can be. Let her tell you how you can take control of your filmmaking career and start getting your work seen by audiences with a few little-known distribution secrets. Features include: Interviews and case studies with producers and distributors; Ten Ways to Market Your Film for Self-Distribution; Sales Projections per Territory; Distribution Resource Listings; Negotiation tips for distribution agreements; Sample distribution agreements.

The Applicant: An Insider's Guide to the College Admissions Process Ishan Puri, 2012-03-10 The Applicant is an admissions guide written by a Stanford University graduate intended for parents, students, college counselors, and anyone interested in the college admissions process. Instead of promising secrets, The Applicant uses the Perspective Method to facilitate students to develop their own reasons for learning, applying to college, and even finding a job. The Applicant motivates hands-on exercises for students that help them think about themselves and learn how to think about the college admissions process in a framework that is meaningful. In this way, it is unique in its approach and effective in its results.

Stem Cells: An Insider's Guide Paul Knoepfler, 2013-07-30 Stem Cells: An Insider's Guide is an exciting new book that takes readers inside the world of stem cells, guided by international stem cell expert Dr. Paul Knoepfler. Stem cells are catalyzing a revolution in medicine. The book also tackles the exciting and hotly debated area of stem cell treatments that are capturing the public's imagination. In the future, they may also transform how we age and reproduce. However, there are serious risks and ethical challenges too. The author's goal with this insider's guide is to give readers the information needed to distinguish between the ubiquitous hype and legitimate hope found throughout the stem cell world. The book answers the most common questions that people have about stem cells: Can stem cells help my family with a serious medical problem such as Alzheimer's, Multiple Sclerosis, or Autism? Are such treatments safe? Can stem cells make me look younger or even literally stay physically young? These questions and many more are answered here. A number of ethical issues related to stem cells that spark debates are discussed, including risky treatments.

cloning and embryonic stem cells The author breaks new ground in a number of ways such as by suggesting reforms to the FDA providing a new theory of aging based on stem cells and including a revolutionary Stem Cell Patient Bill of Rights More generally the book is your guide to where the stem cell field will be in the near future as well as a thoughtful perspective on how stem cell therapies will ultimately change your life and our world **VA Secrets Revealed! An Insider's Guide to the Mining Sector Michael Coulson,2008-08-26 In 2003 four mining shares rose over four times in price with one gaining ten times In just the first two months of 2004 26 mining shares increased more than 20% with five shares doubling Merrill Lynch s World Mining Trust is the UK s best performing fund over the past three years having risen by over 200 per cent But is the mining boom about to end Not according to this book by

Michael Coulson Chairman of the Association of Mining Analysts Coulson argues that if anything we are still in the early stages of prolonged strength in mining stocks and despite what some commentators are saying the boom is far from over

FROM THE BACK COVERThe prospect of instant riches gives the mining sector an obvious glamour And when the mining sector begins to run it can be an awesome sight and the excitement generated can be every bit as seductive and heady as that which enveloped markets during the internet boom But due to the counter cyclical nature of many mining stocks they can also offer a valuable refuge when stock markets turn down In this book Michael Coulson gives a masterly overview of the sector explains both the rewards and the pitfalls of investing in mining shares and argues convincingly that mining should once again form a core sector for all investors The book is for anyone interested in mining and particularly mining as an investment Whilst it contains material which will be useful to even experienced followers of the sector its main target is those who are interested in mining but perhaps not particularly familiar with the sector and would like to know more All the subjects are covered that are fundamental to acquiring sufficient knowledge about the mining sector to invest in it with confidence While the mining s
