Quest for Spiritual Self-Reliance Digital Edition, 2015-04-27 Martin Esten s Quest for Spiritual Self Reliance focuses on what the author calls the ongoing movement of meditation Martin presents probing insights into issues such as meditation love relationships spirituality and the nature of thought He shows that paradoxically all of our problems in life are created by thinking and identification with what he has termed the little me The path to true and enduring freedom is shown to be a counter intuitive process that can only be understood by setting aside one s analytical mind and ego and by simply being aware of one s self you start to see the mechanics of things and by seeing the mechanics of things you will become non mechanical and to be non mechanical is to be finally free This book is meant to be a journey that the reader can take with the writer and perhaps along the way the reader will find out who he or she really is beyond all mechanics of the conditioned mind Although the journey is not easy Martin shows us again and again that is in our nature to undertake it **Жизнь и**

Глубинная дневная практика осознанных сновидений Эндрю Холчек, 2022-07-06 PDF A4 The Deep Heart John J. Prendergast, PhD, 2019-12-10 An experiential guide for exploring the convergence of psychological healing and spiritual awakening that happens most clearly and powerfully in the depths of the heart The Deep Heart is what I call a living book that rare gem of a book that is alive with the presence of its author A book like this should be felt and experienced as much as it should be read Adyashanti The great human quest is to discover who we really are a discovery that changes our lives and the lives of those around us With The Deep Heart spiritual teacher and psychotherapist Dr John J Prendergast invites us on a pilgrimage within using the heart as a portal to our deepest psychological and spiritual nature The deep heart is Prendergast's term for our heart center a subtle center of emotional and energetic sensitivity relational intimacy profound inner knowing and unconditional love The heart area is where we feel most deeply touched by kindness gratitude and appreciation yet it is also where we feel most emotionally wounded writes Prendergast Whether we realize it or not the heart is what we most carefully guard and most want to open Throughout The Deep Heart Prendergast expertly combines the bounded wisdom of psychotherapy with a spacious embodied path to liberation bringing attention to both the joys and pitfalls of each approach with the compassion of a friend who's walked the path for decades In this experiential guide Prendergast invites you to tune into your inherent wisdom love and wholeness as you journey into the deep heart Through precise and potent meditative inquiries insightful stories and reflections drawn from Prendergast's intimate work with students and clients you'll begin to open your heart see through your core limiting beliefs and discover the true nature of your being *Stepping Out of Self-Deception* Rodney Smith, 2010-07-13 A prominent Insight Meditation teacher presents the Buddhist concept of no self in an easy to understand way that will radically change your perspective on life Anatta is the Buddhist teaching on the nonexistence of a permanent independent self It's a notoriously puzzling and elusive concept usually leading to such questions as If I don't have a self who's reading this sentence It's not that there's no self there says Rodney Smith It's just that the self that is reading this sentence is a configuration of elements that at one time did not exist and which at some point in the future will disperse Even in its present existence it's more a temporary arrangement of components rather than something solid Anatta is a truth the Buddha considered to be absolutely essential to his teaching Smith shows that understanding this truth can change the way you relate to the world and that the perspective of selflessness is critically important for anyone involved in spiritual practice Seeing it can be the key to getting past the idea that spirituality has something to do with self improvement and to accessing the joy of deep insight into reality
