Hustler's Dreams, Federal Nightmares Amir Sanchez,2013-10-01 The game once had three major rules that were never to be broken or compromised regardless of how serious things got in one's life Death before dishonor was more than just a code it was the law of the streets written in the blood of the OGs who killed and died upholding it Back then there were many rewards for those who followed the codes On the other hand the penalty was death for anyone who violated the laws and anybody close to him At the very least that person would be blackballed from the hood and any illegal street ventures Clearly the game as we once knew it has been changed by today's hustlers gangsters and crooks Most of them have strayed far from the script The majority of them would rather save their asses than save face They would sooner live with shame and disgrace than die with honor and respect With the current status of the game and the sheisty individuals who are playing it is there anyone who will honor the past and acknowledge the rules of the game for what they used to be A newcomer to the urban lit scene Amir Sanchez delivers a realistic gripping story of life on the streets where hustlers still rule but honor and loyalty have taken on new meaning **From the Soul of a Woman** Shavone K.
