## Realidades 2 Book Pages:

Realidades hasmoneias subjacentes aos livros de Esdras, Neemias e Crônicas Israel Finkelstein, 2021-06-16 Os per os persas e helenistas encontram-se no centro dos debates atuais em torno da datação dos textos bíblicos. Nesta coleção de estudos Israel Finkelstein esboça um argumento inteiramente apoiado em dados arqueológicos para uma data mais tardia do que a tradicionalmente defendida para partes dos livros de Esdras, Neemias e Crônicas. Finkelstein trata de tópicos-chaves tais como a lista dos repatriados, a construção da muralha de Jerusalém, os adversários de Neemias, as genealogias tribais e a expansão territorial de Judá no Segundo Livro das Crônicas. Ele postula que as realidades geográficas e históricas ocultas por trás de pelo menos partes desses livros ajustam-se ao período hasmoneu no final do século II a.C. Seis ensaios publicados anteriormente são complementados por mapas, material arqueológico atualizado e referências a recentes publicações em torno dos tópicos em questão. Esta é uma obra de referência essencial para estudantes e estudiosos do antigo Israel e da arqueologia. **An**

**against Atlantic Slavery** Matt D. Childs, 2009-01-05 In 1812 a series of revolts known collectively as the Aponte Rebellion erupted across the island of Cuba, comprising one of the largest and most important slave insurrections in Caribbean history. Matt Childs provides the first in-depth analysis of the rebellion, situating it in local, colonial, imperial and Atlantic World contexts. Childs explains how slaves and free people of color responded to the nineteenth-century sugar boom in the Spanish colony by planning a rebellion against racial slavery and plantation agriculture. Striking alliances among free people of color and slaves, blacks and mulattoes, Africans and Creoles, and rural and urban populations, rebels were prompted to act by a widespread belief in rumors promising that emancipation was near. Taking further inspiration from the 1791 Haitian Revolution, rebels sought to destroy slavery in Cuba and perhaps even end Spanish rule. By comparing his findings to studies of slave insurrections in Brazil, Haiti, the British Caribbean and the United States, Childs places the rebellion within the wider story of Atlantic World revolution and political change. The book also features a biographical table constructed by Childs of the more than 350 people investigated for their involvement in the rebellion, 34 of whom were executed. **Shot in America**

Masiello,1992 Evoking the famous watchwords of Argentine president Domingo Sarmiento 1868 74 *Between Civilization and  
Barbarism* explores the positioning of women within the Argentine nation and argues that women neither sought alliance  
with the civilizing agenda of leading statesmen nor found identity in the extreme poses of barbarism to which some  
intellectuals had condemned them Instead women used literary and political texts to surpass the tightly outlined roles  
assigned to them Beginning with literary and journalistic texts written by and about women from the time of Sarmiento  
Francine Masiello traces strategic shifts in the discourse on gender at moments of national crisis She considers not only  
novels and guides to female behavior written by and for privileged women but also newspapers and political tracts produced  
by women of the working class Extending her study into the urban expansion and modernization of the 1920s Masiello  
explores the nature of gender relations posited in treatises on crime and public disorder and in the texts of avant garde and  
social realist writers In addressing such representations of women as well as the effects of ideology and history on writing  
Masiello offers bold new insights into the development of Latin American women s literature and illuminates the role of  
women in forming the culture of present day Argentina
