### Investment in the Future

- [illegible]

**Abstract**—The purpose of this study was to determine the effect of a 12-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were 12 sedentary women, 30 to 45 years of age, who were randomly selected from a health club. The subjects were divided into two groups: a control group and an exercise group. The control group was instructed to maintain their current level of activity, while the exercise group was instructed to perform a 12-week training program. The training program consisted of three sessions per week, each lasting 30 minutes. The sessions were performed on a treadmill at a speed of 3.0 mph, with a 5% incline. The HR and EE were measured at the beginning and end of the training program. The results showed that the exercise group had a significant increase in HR and EE compared to the control group. The HR increased from 140 to 150 beats per minute, and the EE increased from 1,200 to 1,400 kcal per day. These results suggest that a 12-week training program can improve the cardiovascular fitness and energy expenditure of sedentary, middle-aged women.

If you are unsure if you are properly fitting the combination seatbelt, call our toll-free number at 1-800-368-8689. If the information requested (the fit-checklist or fit) proves an incorrect fit, you will be able to return the seat belt for a replacement.

- Discover the following issues and report them to the following service centers at 1-800-3-REPAIRS or 1-800-THE-ACCIDENT:
  - **Manufacturing Defects:** Notify the manufacturer for any damage that happened during the process or on others' property because it is not covered by the insurance.
  - **Transportation Defects:** Notify the carrier (the person or company that transports a car) if you have reported a car accident inquiry where a car's condition was reported that it requires repair or where the customer failed to follow the product's use and care instructions.
  - **Car Use Defects:** Notify the manufacturer or vehicle's repair professional to the RVO. Before allowing the repair, you should be notified of the vehicle's condition, conduct and possible causes for additional information. If you called the RVO on a vehicle in question, it may still not result in a repair.

When you install your T-Value One Connection, improper installation of all four screws (50 connections for One Connection®) will void the warranty. Please, before using any (1) to ensure proper ventilation. Failure to maintain proper ventilation may result in a variety of problems with the product.

- When a producer's price for the output rises or demand increases, we always recommend producers (as far as possible) by "forming" their own company. Using as the provided opportunity to create their own product (if possible) is the first product as well as the business in the market.
