Physical Sciences P2 Grade 10 Scope:

Broadening the Scope of Research on Mathematical Problem Solving Nélia Amado, Susana Carreira, Keith Jones, 2018-11-30 The innovative volume seeks to broaden the scope of research on mathematical problem solving in different educational environments. It brings together contributions not only from leading researchers but also highlights collaborations with younger researchers to broadly explore mathematical problem solving across many fields: mathematics education, psychology of education, technology education, mathematics popularization, and more. The volume's three major themes—technology, creativity, and affect—represent key issues that are crucially embedded in the activity of problem solving in mathematics teaching and learning both within the school setting and beyond the school. Through the book's new pedagogical perspectives on these themes, it advances the field of research towards a more comprehensive approach on mathematical problem solving. **Broadening the Scope of Research on Mathematical Problem Solving** will prove to be a valuable resource for researchers and teachers interested in mathematical problem solving as well as researchers and teachers interested in technology, creativity, and affect. **Current Index to Journals in Education**, 2002 School, 1928

The Mechanical World, 1918 *Handbook of Microscopy* Severin Amelinckx, 1997 Nuclear Science Abstracts, 1976 *Percutaneous Mitral Valve Interventions (Repair): Current Indications and Future Perspectives* Alfonso Ielasi, Azeem Latib, Fabien Praz, 2020-12-31 This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series; they are collections of at least ten articles all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings, and historical advances in a hot research area. Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office: frontiersin.org/about/contact. **ERDA Energy Research Abstracts** United States.
