Curricular Changes in Geography Education Magali Hardouin,Caroline Leininger-Frézal,2025-09-26 This book highlights the way in which geography curricula are conceived re organised and implemented at different levels local regional national international and how to respond concretely to these challenges It also examines the obstacles barriers and continuities that keep some parts of geography curricula in a century old tradition In this book the term curriculum is used in its Anglo Saxon conception which differs from its European use which is limited to

study plans The term curriculum used in this book refers to the prescribed curriculum sometimes called formal and also to the taught or real curriculum as well as the learned curriculum To these three curricular forms a fourth is added called the hidden curriculum This includes what is implicit for the actors teachers pupils the school institution and what is voluntarily or not ignored or concealed The contributions to this book examine each type of these four curricula and their interactions It discusses how the passage from one curriculum level to another is not linear and implies recompositions ruptures as well as continuities The book also touches on the circulation between the different curricular levels and how that raises the question of the articulation between policy ies and practice Resources in Education ,2000
