**Which one is different? (TOD)**

	Rapunzel lived in a tower.
	Maximus was trying to stop Flynn who had stolen a crown.
	Flynn went in a tower to find the real Rapunzel and agreed to take her to see the floating lanterns.
	Maximus agreed to stop chasing Flynn and Rapunzel could see the floating lanterns on her birthday.
	Rapunzel discovered she was the lost princess and lived happily ever after.

## **Pre School Activities For Rapunzel:**

**Developing Culturally and Developmentally Appropriate Early STEM Learning Experiences** Philip Hui Li, Anne Forbes, Weipeng Yang, 2023-12-11 This book informs best practice for enhancing young children's STEM learning experiences in formal settings such as preschool environments and less formal settings such as home environments. It is the first collection of multidisciplinary and multinational studies on early STEM programs worldwide and presents diverse authentic and current STEM relevant scenarios that address two fundamental problems: where are we in early STEM education and where shall we go. The book explores factors that influence young learners' abilities to make informed choices in authentic problem-based STEM relevant scenarios and how those abilities have been identified, documented, and enhanced. Chapters address topics related to curriculum and pedagogy, teacher education and professional development, family environment, and inclusive education from a variety of international settings including Australia, Germany, Hong Kong, Mainland China, Singapore, and the United States. Each chapter is based around a research project and describes relevant background information from the research literature, details of how the study was designed, findings from the study, and discussion as to what the findings mean for practical implementation. *Developing Culturally and Developmentally Appropriate Early STEM Learning Experiences* will be a key resource for researchers and practitioners of early childhood education and care, STEM education, educational psychology, educational research, and educational technology. This book was originally published as a special issue of the journal *Early Education and Development*.

**Programming and Planning in Early Childhood Settings** Leonie Arthur, Bronwyn Beecher, Elizabeth Death, Susan Dockett, Sue Farmer, 2017-08-07 *Programming and Planning in Early Childhood Settings* explores a range of approaches to curriculum and to documenting children's learning in early childhood settings. This valuable resource for early childhood education students and practitioners provides a broad view of the concepts and issues in early childhood curriculum. Chapters reflect ongoing discussions about what is meant by the terms planning and programming in the context of early childhood, what is authentic curriculum for young children, and effective teaching strategies to extend young children's learning. The strong focus on sociocultural theories of learning promotes awareness of children's diverse experiences, competencies, and learning styles, and helps readers recognise the need for collaborative partnerships between educators, children, and families in order to develop appropriate programs. Thoroughly revised and updated, this new edition shows how chapters of the text are relevant to the Australian Professional Standards for teachers and highlights connections to the school-based context. Numerous real-life examples, reflections, articles, and case studies assist students to understand a variety of educational theories, philosophies, and frameworks. Throughout the book, there is a focus on the processes of reflection, evaluation, and ongoing improvement.
