

Saddest Goodbye letter

To,

[Name],

Date: DD Month, YYYY

Dear K,

It has been a long time, and I am finally picking up the courage to write this letter. Not sure if I will even be able to finish it, but I will still give it a try for your sake as much as for mine. I know we both need closure. In the initial days, I could not believe anyone who told me you are never going to come back to me.

How could you not come back? I made your favourite food, we have to finish that painting we started together, and your favourite cartoon is playing on TV, do you want to miss it? We have the holiday to plan for your summer vacations. There are just so many things, and I am waiting for you to come back to finish them and plan for new ones.

But now, it has slowly started to sink in that you are not coming back. However much it breaks my heart. I want to tell you that I still love you. Stay happy wherever you are. I will join you soon, and we can finish our plans then!

Love,

Mommy

Mercadal-Brotons,2024-03-07 This Research Topic is the second volume of Music Therapy in Geriatrics Please find the first Edition here Demographic projections estimate that by 2050 the number of people aged 65 and older in the world will soar to 1 5 billion approximately one third of the total population Medical and technological advances have certainly contributed to enhanced longevity However with advanced age there is a concomitant elevation in the prevalence of chronic diseases The Office of Disease Prevention and Health Promotion in the U S found that in 2012 60% of older adults reported at least two of the following conditions Cancer heart disease emphysema or chronic bronchitis stroke diabetes mellitus and Alzheimer s disease These diagnoses carry the extensive costs and burdens of serious illnesses and also mean that family caregivers of loved ones with these conditions experience significant challenges placing them at extreme risk for a variety of stress related illnesses and afflictions and accounting for high rates of morbidity and mortality **Ernest John Moeran** Ian Maxwell,2021

Moeran s death snatched away a composer with perhaps much more to contribute to human culture It was the final act in a concatenation of increasingly ill fated circumstances that had begun decades earlier but which had nonetheless played a significant part in defining the music that he composed during the last twenty years of his life His private means had enabled him to compose mostly what and when he wanted with little interruption from the burden of commissions or otherwise having to compose to order Thus his surviving corpus of works is a more personal creation than might be usual for a professional composer Consequently it may be supposed that more of the man himself may be found distilled in his music
