

Sample Essay on Sociology for the 21st Century

Introduction

Normally, sociology is defined as study of social life. It is of great importance to realize social life is forever changing. This means if social life evolves, then analysis of social issues transforms as well. In the 21st century, the world has experienced changes that range from technology development and social challenges to family composition in terms of family bond weakening. Such changes in the social world have great impacts on the social, political and economic lives of individuals in society. The major objective of this paper is identifying the fundamental changes in today's social world that play an essential role in the shaping of societies. What is more, the paper critically evaluates the theories that explain some of the changes seen in the social world.

Fundamental Changes in the Social World

Technology

In the modern society, the technological innovations have become a main source of social change. This is especially true when the changes are looked upon in terms of provision of demarcation between the industrial and agrarian societies. It is of great importance to note introduction of new apparatus for technology cannot change the society. The response however by citizens to such changes case great transformation. Technological innovations that characterize the 21st century include development of reliable and fast computers as well as internet and social media development which have proven instrumental in revolutionizing political, economic and social platforms of the society. Resources in Education ,1991-04 *Peer Pressure, Peer Prevention* Barbara J. Costello,Trina L. Hope,2016-02-19 Criminological research has largely neglected the possibility that positive peer influence is a potentially powerful source of social control Quantitative methods tease out cause effect and spuriousness in the relationship between peer delinquency and personal delinquency but these methods do little or nothing to reveal how and why peers might influence each other

toward or away from deviance Costello and Hope take a first step toward uncovering the mechanisms of peer influence drawing on quantitative and qualitative data collected from two convenience samples of university students Their quantitative analyses showed that positive peer influence occurs most frequently among those who associate with the most deviant peers and self report the most deviance contrary to predictions drawn from social learning theories Their qualitative data revealed a variety of methods of negative influence including encouraging deviant behavior for others amusement a motive for peer influence never before reported in the literature
