Summarize

Summarizing means telling the main idea of a paragraph, section, or story. Writers will use summarizing sentences to describe a main idea.

- A good summary is short. It tells the most important ideas. It should not include many words or details.

Sometimes a paragraph's **topic sentence** provides a summary. **Details** can be found in other parts of the paragraph.

People from other places have come to the Americas for thousands of years. The first to arrive came from Asia more than 10,000 years ago. The earliest settlers probably traveled across a land bridge from Asia.

Word Exercise

Capitalization Knowing how capitalizing a word changes the meaning of that word helps you understand what you read. For example, the name **E**arth begins with a capital letter when it refers to a planet in our solar system. It begins with a lowercase letter, **e**arth, when it is describing dirt or the ground.
