The West, Christians, and Jews in Saudi Arabian Schoolbooks Arnon Groiss,2003 Analyzes the results of an examination of 93 Saudi textbooks on various subjects for grades 1 10 mostly from the years 1999 2002 In all of these Islam is presented as the only true religion while all other religions are false Consequently Christians and Jews are denounced as infidels and enemies of Islam and Muslims It is forbidden to befriend or emulate them The Saudi textbooks ascribe the most abhorrent qualities to Jews Jews are depicted throughout their history in a stereotyped and prejudiced manner beginning with the description of Jews as enemies of the Prophet Muhammad and ending with the occupation of Palestine The Protocols of the Elders of Zion is taught as an authentic document Anti Zionism has a prominent place in Saudi textbooks Israel is not recognized as a state and is absent from maps which designate its territory as occupied Palestine War and jihad are advocated rather than a peaceful solution of the Middle East conflict
