

4. With the help of diagrams, explain the difference between regular and irregular reflection.

**Solution:**

When a ray or beam of light falls on a smooth and polished surface an irregular reflection is observed when the light falls on a rough surface. As the surface is uneven, light rays from several points gets reflected in different directions, producing irregular reflections.

5. Differentiate between reflection of light from a plane mirror and that from a plane sheet of paper.

**Solution:**

The differences are as follows:
