 - <https://www.youtube.com/watch?v=9Y5UQVGR1gc>
- The reading passages on 5511 are more like short paragraphs and poems than the lengthy passages on an SAT exam, but I found it helpful to practice with SAT exams to build the skills suggested in the above videos.

Mathematics:

- Ask Tim Craig from the group to email you his notes! They are practice tests with mainly math, but they also have Social Studies and Science. I found the math test the most helpful.
- Khan Academy File:
<https://www.facebook.com/groups/1008853332800688/permalink/1173204086365623/>
 - This is meant for 5003. Go through the 5511 study companion and find which skills are the same in this file. Click the link to the Khan Academy lessons to build the math skills. I recommend doing Tim Craig's practice tests before and after doing Khan Academy.
 - If you are still struggling with some of the math skills, I recommend going to youtube and typing in "Lesson on [insert math skill here]" to watch other people work through the problem. Do this until you find a way of solving that clicks.

Citizenship and Social Science:

- The Crash Course videos in the youtube playlist above really help with a whole understanding of History rather than memorizing flashcards. Having a whole understanding will help you with the process of elimination on the test.
- Kathleen Jasper Social Studies playlist:

- Brantly Layne Golsan's notes from the group are very thorough and helpful to look at while watching Crash Course videos.
