Beginner Lessons: Front Glides and Front Crawl

- Shoulders in the water
- Hands out in front of you
- Put your face down
- Push off to me
- We're doing this 3 times
- Streamline and then do 3 front crawl strokes

Say those words in order to get the best results. This is important because if they do not start with their body at the water line, they will JUMP for you and lead to them sinking farther underwater than is necessary.

Everyone does the activity 3 times. Have each child go once, then start over.

We start with streamline so they can do the front glide first, and then add the arms. This puts it together for the swimmer and connects the two activities

Streamlines or Front Glides. Should do this every time.

Beginner Back Glides and Back Stroke

- Kneel down; put shoulders in the water
- Tilt your head back
- Push off to me
- Look at ceiling
- These are the exact words you should use for Back Glides and Back stroke. If they don't start with their shoulders in the water, they'll fall underwater

when they push off the wall/bench.

Have them keep their hands by their side, and support their head. Do not support the body.

Today's Lessons:
