

**SAMPLE QUESTION PAPER (2023-24)**  
**ENGLISH LANGUAGE AND LITERATURE (Code No. 184)**  
**CLASS-X**

**Time allowed: 3 Hrs.**

**Maximum Marks: 80**

**General Instructions:**

1. The Question Paper contains THREE sections-READING, GRAMMAR & WRITING and LITERATURE.
2. Attempt questions based on specific instructions for each part.

**SECTION A : READING SKILLS [20 marks]**

**Reading Comprehension Through Unseen Passages**

1.	Read the following text.	10 m
(1)	As a high school student, studying poetry can be a rollercoaster ride. This journey is punctuated by moments of profound appreciation for simpler pieces and intermittent frustration with more complex works. Let's be real here - some poems are just plain confusing and no amount of re-reading seems to help decipher the intended meaning. The puzzlement that results from such instances can be both vexing and demotivating. If solving a riddle is what was intended, then playing Sudoku is a better option. One is led to ponder if obscurity was the goal.	
(2)	Conversely, some pieces resonate with the reader's soul, stirring feelings of warmth, happiness, and connection to the world. Often, these compositions centre on themes that are universally understood, such as love, nature, or faith. Being able to actually understand what the poet is trying to say can feel like a little victory and is a welcome relief after grappling with more perplexing poetry.	
(3)	Then there are poems that are emotionally charged; the ones that make the reader curl up in a ball and cry or jump up and down with joy. One is left in awe of the poet's ability to convey emotion through words. Let's not forget the downright weird poems. These are the ones that defy categorization and leave the reader to their own devices in attempting to interpret meaning. The author's use of figurative language and unconventional imagery can create a sense of bewilderment that is either intriguing or off-putting. Regardless, the reader can appreciate the uniqueness of the work.	
(4)	Despite the wide range of emotions and reactions that come with studying poetry, it can be a rewarding pursuit. Not only does reading poetry allow one to appreciate the artistic beauty of the written word but also enables one to develop crucial critical thinking and analytical skills. The process of unlocking a poem's meaning can feel like cracking a code or solving a puzzle but the sense of accomplishment derived from mastering a challenging piece can be deeply gratifying. Finally, impressing an English teacher with a well-analysed poem can be a source of pride and validation.	
(5)	Overall, studying poetry is like a box of mixed chocolates, you never know what you're going to get. But whether it's complex, emotional, simple, or just downright weird, there's always something to be gained from the experience. So, let's applaud all the poets out there, for making us laugh, cry, scratch our heads, and occasionally feel like a genius.

Answer the following questions, based on the passage above.		

# Sample Papers For Class Samaths 213

**L Darling-Hammond**

### **Sample Papers For Class Samaths 213:**

Ethics in Social Science Research Maria K. E. Lahman, 2017-11-27 *Ethics in Social Science Research Becoming Culturally Responsive* provides a thorough grounding in research ethics along with examples of real world ethical dilemmas in working with vulnerable populations Author Maria K E Lahman aims to help qualitative research students design ethically and culturally responsive research with communities that may be very different from their own Throughout compelling first person accounts of ethics in human research both historical and contemporary are highlighted and each chapter includes vignettes written by the author and her collaborators about real qualitative research projects      **Building Proportional Reasoning Across Grades and Math Strands, K-8** Marian Small, 2015-04-10 Although proportional reasoning is not formally introduced as a topic in the Common Core and other mathematics curricula until 6th grade introducing its fundamental ideas in the early grades helps students develop essential skills in ratios percentages and other proportional representations when they reach the upper grades The author takes this complex subject and crafts examples and questions that help teachers see the larger purpose in teaching concepts such as unitizing and how that understanding is essential for more complex ideas such as ratios Teachers and vertical teams can see how the concepts can build year after year This new resource by well known professional developer Marian Small suggests questions that are both interesting for students and useful for providing diagnostic information to teachers Chapters are organized by grade level K 8 around the Common Core State Standards for Mathematics to help teachers use the resource more easily      *Indigenous Homelessness* Evelyn Peters, Julia Christensen, 2016-10-28 Being homeless in one's homeland is a colonial legacy for many Indigenous people in settler societies The construction of Commonwealth nation states from colonial settler societies depended on the dispossession of Indigenous peoples from their lands The legacy of that dispossession and related attempts at assimilation that disrupted Indigenous practices languages and cultures including patterns of housing and land use can be seen today in the disproportionate number of Indigenous people affected by homelessness in both rural and urban settings Essays in this collection explore the meaning and scope of Indigenous homelessness in the Canada Australia and New Zealand They argue that effective policy and support programs aimed at relieving Indigenous homelessness must be rooted in Indigenous conceptions of home land and kinship and cannot ignore the context of systemic inequality institutionalization landlessness among other things that stem from a history of colonialism *Indigenous Homelessness Perspectives from Canada New Zealand and Australia* provides a comprehensive exploration of the Indigenous experience of homelessness It testifies to ongoing cultural resilience and lays the groundwork for practices and policies designed to better address the conditions that lead to homelessness among Indigenous peoples      **Learning Through Interaction** C. Gordon Wells, 1981 A fundamental study of language development from infancy to primary school      **Weekly World News**, 2004-07-12 Rooted in the creative success of over 30 years of supermarket tabloid publishing the *Weekly World News* has been the world's only reliable news source

since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site      Assessment, Testing and Evaluation in English-Medium Education from a Global Perspective Jack Pun, Samantha Curle, Pramod K. Sah, 2025-06-26 This book examines assessment testing and evaluation within English medium education contexts globally It explores how assessments can effectively measure learning outcomes integrating both content mastery and language proficiency in multilingual and multicultural classrooms It features contributions from diverse experts worldwide and offers a comprehensive analysis of assessment practices emerging trends and their implications for teaching and learning The authors emphasise inclusivity equity and effectiveness in English medium instruction EMI assessment The chapters address a range of topics within assessment including designing assessments for both content and language goals addressing challenges in EMI assessment and incorporating emerging practices such as formative assessments and translanguaging The book also discusses policy influences on EMI assessment teacher assessment literacy and the role of innovative technologies like AI in EMI assessments It provides practical examples and strategies aiming to enhance EMI assessment practices and bridge the gap between theory and classroom implementation      *Paul B. Thompson's Philosophy of Agriculture* Samantha Noll, Zachary Piso, 2024-01-01 This book explores the philosophical thought and praxis of Paul B Thompson who planted some of the first seeds of philosophy of agriculture and whose work inspires interdisciplinary scholarship in food ethics biotechnology and environmental philosophy Landmark texts such as *The Spirit of the Soil* *The Agrarian Vision* and *From Field to Fork* revealed the fertility of food systems for inspiring reflection on our relationships to technology the land and one another Rooted in philosophical traditions ranging from pragmatism to post phenomenology Thompson's work nourishes projects in ethics epistemology philosophy of science and social and political theory not only in academic philosophy departments but also in the social and natural sciences This volume collects this diversity of thought in a tour of the many fields of food systems from theorizing the sustainability of agroecological systems to appreciating the quotidian practice of agrarian communities to anticipating the impacts of emerging biotechnology and to savoring the roles that food plays in forming our identities Composed by an international crop of scholars working on the future of food ethics the volume is a vital contribution to scholars and practitioners thinking through our relationships to the food systems that sustain us      **The Athenaeum** ,1891      **Weekly World News** ,2002-07-16 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site      **Sustainable Revenue for Museums** Samantha Chmelik, 2019-08-23 Understanding revenue sources is vital for ensuring the long term stability and sustainability of museums historic sites zoos and botanic gardens Sustainable Revenue for Museums delves into the strategies and tactics that museum professionals funders and experts use to generate and manage their revenue Museum professionals of all experience levels will find immediately actionable revenue generation and management practices Sustainable Revenue for

Museums begins with a compilation of the most recent industry wide revenue data with breakdowns by different revenue types institution discipline number of employees and revenue type contribution to total institutional revenue The next five sections of the book are Passive Income Contributed Income Fundraising Contributed Income Grants Earned Income Museum Services Earned Income Retail Services In each of these sections more than 50 museum professionals funders and experts contribute to chapters focusing on specific revenue sources Topics covered include Investment Income Membership Capital Campaigns Major Gifts Fundraising Crowdfunding Special Events Partnerships and Board Member Participation Grants Government Private Donor Advised Funds Earned Income Admissions Programs Education Rights Reproduction Licensing Food Services Facility Rentals and the Museum Store The book s final section The Future of Revenue considers future business models and revenue generation strategies A master list of the Resources used and recommended by the contributors closes the book

**A Symbolic Approach to Humanitarian Action** Diego Otegui, 2022-10-13 This book aims to present an alternative view of humanitarian action It adds to current conversations and dilemmas within the humanitarian sphere by departing from traditional views that consider humanitarian interventions as a concrete human activity aimed at providing relief to disaster victims Much differently it invokes the idea that humanitarian action is also a cognitive process In this process both humanitarians and disaster survivors alike unknowingly apply historically societally and culturally defined symbolic constructions to make sense of post disaster information and to make decisions In the specific case of humanitarian workers these symbolic constructions influence how they understand their post disaster reality including how they relate to those they consider to be in pain or distress This way of looking at humanitarian action builds upon a robust theoretical framework called Institutional Logics which helps us identify and interpret how individuals make sense of their reality So it brings the complex world of the individual into a discussion that generally considers the organization as the unit of analysis Studying humanitarian action through this alternative lens makes it easy to see that objective and verifiable post disaster information is a necessary but not a sufficient condition to design humanitarian interventions let alone assess their value and benefits

**A Symbolic Approach to Humanitarian Action It Takes One to Know One** aims to bridge the gap between research and practice in humanitarian action by translating academic knowledge into an accessible format that can be used by practitioners to improve their work on the ground

### **Health Promotion in Schools, Universities, Workplaces, and Communities** Graça S. Carvalho, Emily

Darlington, Teresa Vilaça, 2024-12-17 Health education well being improvement and advocacy are effective health promotion strategies among cutting edge Public Health practices Salutogenic perspectives rooted in ecological models have taken their rightful place to empower individuals and communities to change their life ecosystems and preserve and improve their health It is imperative to shift from targeting protective or risk factors which have linear causal relationships with health conditions and or comorbidities and encompass a systemic understanding of the role of health determinants in creating health Individual collective and structural ecological approaches can better reduce health inequities Moreover engaging the

presumed beneficiaries from such strategies ensures that actual needs are identified and choices are context specific It improves the whole implementation process as well as its results Higher levels of participation such as co creation imply a bottom up voluntary collaborative process rooted in values of diversity mutual trust openness autonomy freedom and respect as well as shared expertise responsibility and decision making which are essential values in co creating health promotion

**Weekly World News** ,1998-10-27 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site The American Bench Mary Reincke,Jeaneen C. Wilhelmi,2009 The Peninsula Question Yoichi Funabashi,2008-09-01 In October 2002 the United States confronted North Korea with suspicions that Pyongyang was enriching uranium in violation of the Agreed Framework that the nations had worked out during the Clinton administration North Korea subsequently evicted international monitors and resumed its nuclear weapons program The Peninsula Question chronicles the resulting second Korean nuclear crisis Japanese journalist Yoichi Funabashi informed by interviews with more than 160 diplomats and decision makers from China Japan Russia South Korea and the United States provides a behind the scenes look at the negotiations to denuclearize the peninsula Between 2002 and 2006 a series of top level diplomats including the prime minister of Japan attempted to engage with North Korea Funabashi illustrates how the individual efforts of these major powers laid the groundwork for multilateral negotiations first as the trilateral meeting and then as the Six Party Talks The first four rounds of talks 2003 2005 resulted in significant progress Unfortunately a lack of implementation after that breakthrough ultimately led to North Korea s missile tests in July and subsequent nuclear tests in October 2006 Th e Peninsula Question provides a window of understanding on the historical geopolitical and security concerns at play on the Korean peninsula since 2002 Offering multiple perspectives on the second Korean nuclear crisis it describes more than just the U S and North Korean points of view It pays special attention to China s dealings with North Korea providing rare insights to into the decision making processes of Beijing This is an important authoritative resource for understanding the crisis in Korea and diplomacy in Northeast Asia Seeing More Samantha Matherne,2024-04-04 Samantha Matherne defends a systematic interpretation of the philosopher Immanuel Kants theory of imagination In contrast with more traditional theories of imagination as a kind of fantasy that we exercise only in relation to objects that are not real or not present Matherne argues that Kant theorizes imagination as something that we exercise just as much in relation to objects that are real and present In short she attributes to Kant a view of imagining as something that pervades our lives In order to bring out this pervasiveness Matherne offers an account of what kind of mental capacity Kant takes imagination to be in general She then explores Kants picture of how we exercise our imagination in perception ordinary experience the appreciation of beauty and sublimity the production of art the pursuit of happiness and the pursuit of morality However she makes the case that Kants analysis of this wide range of phenomena is underwritten by a unified theory of what imagination

is as a remarkably flexible cognitive capacity that we can exercise in constrained and creative playful and serious ways

The Student Leadership Challenge James M. Kouzes, Barry Z.
