

MODEL 55 STEREO GUIDE

The Stereo Guide is an electronic addition to your 100, 10-100, 700, or 100-10, that will immediately indicate the presence of a stereo broadcasting station. The unit can be easily added to your owner or adapter and will be a real convenience to you. If you do not desire to install the Model 55 yourself, any Authorized Service Station listed on the enclosed sheet will do it for you at a nominal fee.

Since your tuner is already aligned and operating accurately, you must be extremely careful not to adjust or change any of the other parts of the tuner when installing the Model 55 or when connecting the stereo. This will be particularly true on the 100 Tuner, as the small holes that are drilled in the chassis. Also note that, should any tubes be removed from their sockets, it is imperative that they be reinserted into their original locations in order to maintain proper alignment.

The only tools necessary for mounting the Model 55 are a pair of pliers or a #200 nutset wrench, a pair of longnose pliers, and a soldering iron or gun. An electric drill and #25 (1/16") bit will be needed for mounting the Model 55 on the 100 Tuner. An electric drill plus a 7/16" bit and a 5/8" bit will be needed for mounting the Model 55 on the 100 or the 10-100 adapters. A pair of wire cutters may also be needed. No alignment tool and approximately 10" of suitable solder are provided. THE USER MUST HAVE SOME SOLDER. Under no circumstances should you use cold flow solder. All connections are voided if Cold Flow Solder is used.

If you have any difficulty, do not hesitate to write our SERVICE DEPARTMENT for assistance.

Exposing Lifestyle Television Gareth Palmer, 2016-04-15 In the last decade lifestyle television has become one of the most dominant television genres with certain shows now global brands with formats exploited by producers all over the world What unites these programmes is their belief that the human subject has a flexible malleable identity that can be changed within television friendly frameworks In contrast to the talk shows of the eighties and nineties where modest transformation was discussed as an ideal advances in technology combined with changing tastes and demands of viewers have created an appetite for dramatic transformations This volume presents case studies from across the lifestyle genre considering a variety of themes but with a shared understanding of the self as an evolving project driven by enterprise Written by an international team of scholars the collection will appeal to sociologists of culture and consumption as well as to scholars of media studies and media production throughout the world *Resources in Education* ,1988 *Radio's Master* ,1949 **Manuals**
