Assessment of Educational Practices Arop Deng Kuol Arop, Comfort Bobi, Denise Bergeron, Kilwake Everlyne, Asaad MA.Babker, Joana Akweley Zanu (PhD),2023-03-14 TOPICS IN THE BOOK Public Basic Schools in Southern Sudan and the Sultanate of Oman Comparative Study Using Differentiated Instruction to Promote Creativity Critical Thinking and Learning Perspective of Teachers Les comp tences g n riques recherch es chez les chefs d tablissement d enseignement l re de la direction au service des apprentissages des l ves Principals Teacher Management Strategies and Learners Academic Achievement in Public Secondary Schools in Kilifi Sub County Kenya Explore the Role of Different Cognitive Functions in Education The Performance of the Textiles and Apparel Sector and the Challenge of Environmental Sustainability in Ghana A Qualitative Study *The Higher Education Institutions Handbook* ,2012 *Health in Diversity - Diversity in Health* Katharina Crepaz,Ulrich Becker,Elisabeth Wacker,2020-02-03 European public discourse often frames forced migration solely as a security issue and ignores the implications of societal diversity for health quality of life and well being in both Africa and Europe The present volume offers an interdisciplinary and international look at the relationship between refugees diversity and health including health care policies socio political framework conditions environmental factors the situation in refugee camps quality of life approaches and economical perspectives Women's Contribution to Higher Education and Social Transformation Lucy A. Wakiaga,2022-05-16 This book provides deep insights about women in higher education and their contributions to society Using Kenya as a case study it places women in higher education at the center of the socioeconomic political and cultural discourse both within and outside the higher education institution It is notable that even with the progress made both in Kenya and globally gender considerations in social economic political and cultural spheres is still minimal In higher education gender imbalance is still distinct in varied areas such as career advancement leadership mentorship and scholarship opportunities In society women s efforts still seem to go unnoticed The aim of these chapters therefore is to share women s research in higher education and in society especially innovative policy and practice concepts all aimed at contributing to social transformation **Child and Adolescent Development** Anne Stevenson,2018-04-16 Global public health has improved vastly during the past 25 years and especially in the survival of infants and young children However many of these children particularly in Africa continue to live in poverty and in unhealthy unsupportive environments and will not be able to meet their developmental potential In other words they will survive but not thrive The UN s Sustainable Development Goals SDGs stress sustainable development not just survival and disease reduction and the Global Strategy for Women s Children s and Adolescents Health proposes a Survive end preventable deaths Thrive ensure health and wellbeing and Transform expand enabling environments agenda For children to thrive they must make good developmental progress from birth until the end of adolescence Addressing the social determinants of developmental problems this volume offers a broad contextualised understanding of the factors that impact on children and adolescents in

Africa Unlike other works on the subject it is Africa wide in its scope with case studies in Ethiopia Kenya Malawi Nigeria Rwanda and South Africa Covering mental health as well as physical and social development it looks at policies and practice culture and priorities for research identifying challenges and proposing solutions

Deaf Education Beyond the Western World Harry Knoors, Maria Brons, Marc Marschark, 2019-01-16 If teachers want to educate deaf learners effectively they have to apply evidence informed methods and didactics with the needs of individual deaf students in mind Education in general and education for deaf learners in particular is situated in broader societal contexts where what works within the Western world may be quite different from what works beyond the Western world By exploring practice based and research based evidence about deaf education in countries that largely have been left out of the international discussion thus far this volume encourages more researchers in more countries to continue investigating the learning environment of deaf learners based on the premise of leaving no one behind Featuring chapters centering on 19 countries from Africa Asia Latin America and Central and Eastern Europe the volume offers a picture of deaf education from the perspectives of local scholars and teachers who demonstrate best practices and challenges within their respective regional contexts This volume addresses the notion of learning through the exchange of knowledge outlines the commonalities and differences between practices and policies in educating deaf and hard of hearing learners and looks ahead to the prospects for the future development of deaf education research in the context of recently adopted international legal frameworks Stimulating academic exchange regionally and globally among scholars and teachers who are fascinated by and invested in deaf education this volume strengthens the foundation for further improvement of education for deaf children all around the world

Application of Nanotechnology in Membranes for Water Treatment Alberto Figoli, Jan Hoinkis, Sacide Alsoy Altinkaya, Jochen Bundschuh, 2017-07-14 The book focuses on Application of Nanotechnology in Membranes for Water Treatment but not only provides a series of innovative solutions for water reclamation through advanced membrane technology but also serves as a medium to promote international cooperation and networking for the development of advanced membrane technology for Universal well being and to achieve the common goal of supplying economically environmentally and societally sustainable freshwater and better sanitation systems This book is unique because the chapters were authored by established researchers all around the globe based on their recent research findings In addition this book provides a holistic coverage of membrane development for water treatment from the membrane preparation and characterizations to the performance for specific processes and applications Since that water scarcity has become a global risk and one of the most serious challenges for the scientific community in this century the publication of this book is therefore significant as it will serve as a medium for a good reference of an alternative solution in water reclamation This book will provide the readers with a thorough understanding of the different available approaches for manufacturing membranes both with innovative polymeric systems and inorganic nano materials which could give enhanced functionalities catalytic and antimicrobial activities to improve the

performance of the existing membranes It will be useful for leading decision and policy makers water sector representatives and administrators policy makers from the governments business leaders business houses in water treatment and engineers scientists from both industrialized and developing countries as well

Positive Youth Development in Global Contexts of Social and Economic Change Anne C. Petersen, Silvia H. Koller, Frosso Motti-Stefanidi, Suman Verma, 2016-12-19 The youth of the world are our most important assets When youth develop positively they have the power to benefit themselves their families communities and societies These tremendous benefits accrue for many generations so investments in youth represent a highly cost effective opportunity for positive change This is the first volume to focus globally on the effects of social and economic change on youth and on the opportunity to support youth through policy programs and interventions to develop positively despite challenges The chapters in this volume highlight research demonstrating youth assets and resilience as well as programs and interventions that increase the likelihood that youth will thrive Many chapters also draw attention to opportunities for youth leadership helping youth to develop their strengths as they benefit their communities Additional chapters focus on promoting optimal youth development in the presence of adversity risk or challenge taking into consideration the potential and capacity of the young person Finally the ecological system theory is a strong influence in many chapters that examine the inter relationship of different social contexts such as family peers school and work **Positive Youth Development in Global Contexts of Social and Economic Change** is both a vision for the future and an ideology supported by a new international vocabulary for engaging with youth development Developed by researchers across interdisciplinary fields the volume has enormous policy implications for lawmakers given the surge in youth population in many parts of the world

Developmental Science and Sustainable Development Goals for Children and Youth Suman Verma, Anne C. Petersen, 2018-10-24 This book presents new scientific knowledge on using developmental science to improving lives of children and youth across the globe It highlights emerging pathways to sustainability as well as the interconnectedness and interdependence of developmental science and sustainable children and youth development globally Presenting cross cultural views and current perspectives on the role of developmental science in the realization of the Sustainable Development Goals for children and youth development contributors from different disciplines from low and middle income countries or scholars working in these countries capture ground realities of the situation of children and youth in these regions This book addresses developmental issues related to inequity gender health education social protection and needs of vulnerable populations of children and youth Other areas of focus are improving mechanisms and monitoring frameworks of development and well being indicators

Anglican Theology Stephen Burns, James Tengatenga, 2024-06-30 It is now widely acknowledged that Anglicanism far from being centred on western contexts is a worldwide phenomenon with some of its liveliest corners located in the global south Yet the Anglican theology which is taught in institutions is still focused overwhelmingly on a handful of British and North American voices By exploring the work

of eighteen tricontinental and marginalized Anglican theologians this book begins to correct widespread bias in Anglican theology towards Britain and North Atlantic contexts The chapters it gathers consider the methods concerns and contributions to Anglican thinkers from Africa Asia Pasifika South America and eastern European settings amongst minoritized migrants to North Atlantic countries Chapters include Esther Mombo on Jenny Te Paa Daniel Michael Jagessar on Mukti Barton and Keun Joo Christine Pae on Kwok Pui lan
