1. Resist the temptation and repress his drive out of loyalty to his friend
2. Fully satisfy his desire by secretly having sex with his best friend's wife
3. Deny that he has any such desire by becoming convinced that his best friend's wife is actually quite unattractive

5. After the divorce of his parents and the trauma of being left with his mother while his father took off with his mistress, five year old Johnny, who was toilet trained when he was two, began wetting his bed. 1. Regression
2. Identification
3. Rationalisation
4. **Reaction formation**

7. Freud regards dreams as the royal road to the unconscious because

- a. There is no other way that repressed material can be brought to light
- b. **Dreams contain disguised wishes and desires which allow the analyst, by the method of free association, to uncover the underlying problems**
- c. During sleep the preconscious censoring of the ego is less effective than during the waking state, allowing forbidden but disguised desires to break through to consciousness
