Potter,2014-06-01 Sunni Shia relations in the GCC countries are analysed by the contributors in the wake of recent protests in Bahrain Saudi Arabia and elsewhere **Tribeswomen of Iran** Julia Huang,2014-09-19 Since the revolution in 1979 the Islamic Republic of Iran has permitted very few Western scholars to conduct research in the country Foreign travellers and media persons have limited access and much Iranian scholarship tends to focus on the realms of politics and government Here Julia Huang provides a remarkable account of local tribal Iranian life offering a rare glimpse into the daily rhythms and social richness beyond the capital city of Tehran The Qashqa i are a confederation of nomadic tribes of which the Qermezi Red Ones are one migrating semiannually between winter pastures near the Persian Gulf and summer pastures southwest of the city of Isfahan Huang has visited and traveled with the Qermezi for extended periods across fourteen years Drawing on her experiences participation and observation she offers an intimate window onto their life She focuses on a small group of women spanning four generations who are part of a large extended family and describes their ways of life their activities and interactions and their distinctive sociocultural and ecological setting Like other nomadic peoples around the world the Qashqa i increasingly face pressures that threaten their livelihoods lifestyles and culture

Huang shows us how women negotiate compromises between customary tribal values and external influences and sketches their efforts to resist the influences of an Islamizing modernizing and centralizing government With shadows and resonances that rebound across the stories of these women Huang is able to present multiple perspectives on events and contentious issues for instance the politicized issue of women's state mandated modest dress Huang also explains how the Turkic speaking Qashqai relate to the wider Iranian society and the Islamic Republic of Iran adapting to a rapidly changing world while retaining tribal values and a distinctive ethnolinguistic identity as one of Iran's national minorities In describing life at the local level in Iran Huang depicts a community largely beyond the scope and reach of foreign travellers and the Western media With rich ethnographic description and analysis intimate portraits of the private lives and spaces of women and children and diverse perspectives this engagingly written account documents a disappearing way of life Tribeswomen of Iran is essential reading for all those interested in Iran the Middle East anthropology nomadism and gender

Land of the Turquoise Mountains Cyrus Massoudi, 2014-09-12 For Cyrus Massoudi a young Britishborn Iranian the country his parents were forced to flee thirty years ago was a place wholly unknown to him Wanting to make sense of his roots and piece together the divided divisive and deeply contradictory puzzle that is contemporary Iran he embarked on a series of journeys that spanned hundreds of miles and thousands of years through the many ebbs and flows of Iranian history From the border with Turkey to that of Turkmenistan from the Caspian basin down to the Persian Gulf his journeys took him from the mythological first kings of Iran to the Elamite kingdom the eras of Cyrus and Darius the glory of the Sasanians the shock of the Islamic Arab conquests and the later Mongols Safavids and on to Khomeini Ahmadinejad and beyond Rich portrayals of Sufis and ageing aristocrats smugglers and underground rock bands are all woven together with history religion and mythology to form a unique portrait of contemporary Iranian society And like a fragile thread running through the heart of the narrative lies Massoudi's poignant personal quest his struggle echoing that of Iran itself as it fights to forge a cohesive modern identity With its tensions of young against old reformists against reactionaries and the computer against the Quran it is a battle with global implications for a future that is poised so precariously between promise and ruin *Land of the Turquoise Mountains* reveals a world beyond the propaganda driven mediafuelled image of fractious flag burning fundamentalism and provides a compelling glimpse both into the heart of a deeply misunderstood nation and into what it is to seek out and discover one's heritage
