Olson, 2005 The SCM Press A Z of Evangelical Theology is a comprehensive critical survey of the main persons events controversies concepts and institutions of twentieth century evangelical theology It will introduce readers to and be a reference work for the study of evangelicalism s distinctive theological vision in its unity and diversity Olson explores evangelical theology through five

lenses The Story of Evangelical Theology Movements and Organisations Related to Evangelical Theology Key Figures in Evangelical Theology Traditional Doctrines in Evangelical Theology and Issues in Evangelical Theology Here is a unique compact narrative description of the origins rise and significance of evangelical theology today About the Author Roger E Olson is Professor of Theology at George W Truett Theological Seminary Baylor University USA Sacred Steel Robert Stone,2010-10-01 In this book Robert L Stone follows the sound of steel guitar into the music driven Pentecostal worship of two related churches the House of God and the Church of the Living God A rare outsider who has gained the trust of members and musicians inside the church Stone uses nearly two decades of research interviews and fieldwork to tell the story of a vibrant musical tradition that straddles sacred and secular contexts Most often identified with country and western bands steel guitar is almost unheard of in African American churches except for the House of God and the Church of the Living God where it has been part of worship since the 1930s Sacred Steel traces the tradition through four generations of musicians and in some two hundred churches extending across the country from Florida to California Michigan to Alabama Presenting detailed portraits of musical pioneers such as brothers Troman and Willie Eason and contemporary masters such as Chuck Campbell Glenn Lee and Robert Randolph Stone expertly outlines the fundamental tensions between sacred steel musicians and church hierarchy In this thorough analysis of the tradition Stone explores the function of the music in church meetings and its effect on the congregations He also examines recent developments such as the growing number of female performers the commercial appeal of the music and younger musicians controversial move of the music from the church to secular contexts *Prayer* A. W. Tozer,2016-01-20 Some churches now advertise courses on how to pray How ridiculous That is like giving a course on how to fall in love A W Tozer Tozer understood prayer as few do as a way of life Now readers can share that same grand vision Prayer combines the best of Tozer on prayer into one volume Tozer was captured by the great wonder of God and he regarded prayer as the primary means of coming into His presence But if our everyday life is filled with the barrenness of busyness and there is no serious urgency to pray we forfeit the wonder of being conformed to the image of Christ and knowing our God more intimately the true Christian life Prayer is doable God is accessible And Tozer provides the wisdom and encouragement to help us encounter Him daily With commentary and reflection questions provided by compiler W L Seaver Prayer takes our understanding of prayer to new depths and helps us have a life that prays
