Benjaminson, 2017-03-01 Few American superstar stories are richer wilder or more excessive than Rick James s He played in a band with Neil Young spent years in jail produced his first album which was then picked up by Motown with money from shadowy sources crossed rock and funk to come up with one of the best selling albums of the 1980s became one of the biggest pop star of the era turned a young white woman named Teena Marie into an R B superstar displayed an outrageously sex and drug filled lifestyle was tried and found guilty of assaulting and imprisoning a young woman went on to record new music that was compared to the Beatles *White Album* and ended his life as a punch line for Dave Chappelle And along the way he scored a large number of major hits sold tens of millions of albums and became intimate with dozens of big name celebrities Rick James attempted to tell his own story in two different books but left out many incidents that showed what he was really like Nobody has written the full truth about his life Now based on court records newspaper archives and extensive interviews with dozens of family members band members friends and lovers here is the definitive biography of Motown s most controversial superstar **Sounds from the Other Side** Elliott H. Powell, 2020-11-03 A sixty year history of Afro South Asian musical collaborations From Beyonc s South Asian music inspired Super Bowl Halftime performance to jazz artists like John and Alice Coltrane s use of Indian song structures and spirituality in their work to Jay Z and Missy Elliott s high profile collaborations with diasporic South Asian artists such as the Panjabi MC and MIA African American musicians

have frequently engaged South Asian cultural productions in the development of Black music culture. *Sounds from the Other Side* traces such engagements through an interdisciplinary analysis of the political implications of African American musicians' South Asian influence since the 1960s. Elliott H. Powell asks what happens when we consider Black musicians' South Asian sonic explorations as distinct from those of their white counterparts. He looks to Black musical genres of jazz, funk, and hip hop and examines the work of Miles Davis, John Coltrane, Rick James, OutKast, Timbaland, Beyoncé, and others, showing how Afro South Asian music in the United States is a dynamic, complex, and contradictory cultural site where comparative racialization, transformative gender, and queer politics and coalition politics intertwine. Powell situates this cultural history within larger global and domestic sociohistorical junctures that link African American and South Asian diasporic communities in the United States. The long historical arc of Afro South Asian music in *Sounds from the Other Side* interprets such music-making activities as highly political endeavors offering an essential conversation about cross-cultural musical exchanges between racially marginalized musicians.
