

CLOSING CEREMONY SPEECH
of
His Excellency SOK AN
Deputy Prime Minister,
Minister of the Office of the Council of Ministers
and First Vice President of the Cambodian Mine Action
and Victim Assistance Authority –CMAA
at Phnom Penh Regional Conference
on “Mine Action and Implication for Peace and Development”

14 March 2007, Cambodiana Hotel, Phnom Penh

- *General Maurice Baril, Co-chair of the Conference;*
- *His Royal Highness Prince Mined Al-Houssein, President-Designate of the 8th Meeting of the States Parties to Mine Ban Treaty;*
- *H.E. Ms. Donica Pottie, Ambassador of Canada to the Kingdom of Cambodia*
- *Excellencies, Ladies and Gentlemen;*
- *Distinguished Delegate;s*

On behalf of the Royal Government of Cambodia in particular on behalf of Samdech Hun Sen, Prime Minister of the Royal Government, I have a great honor to preside over the Closing Ceremony of this very important **Phnom Penh Regional Conference** entitled “**Mine Action and Implications for Peace and Development**”.

First of all, I would like to thank General Maurice Baril and H.E. Sam Sotha, for acting on my behalf, for leading this three-day Conference. My thanks also go to Her Excellency Donica Pottie, Ambassador of Canada and her team for assuring the smooth running of the conference and facilitators who have assisted with facilitating all the working groups and speakers who contributed useful ideas and comments to the conference. Indeed, the success of the conference has clearly indicated that we are building a strong cooperation and partnership for mine action and victim Assistance.

The Business of Ethnography Brian Moeran,2021-01-07 Can an anthropologist help us understand the world of business Armed with this question veteran anthropologist Brian Moeran embarks on an in depth study of cultural production and creative industries in Japan At once the blundering ethnographer and shrewd observer Moeran is able to shed light not only on social behavior and human relations in general but more specifically on the importance of strategic exchange to all

business practices Moeran's fieldwork rooted in participant observation of business life in communities and corporations leads him to an original theory of how business operates Culture is not all powerful Moeran shows Instead social structures strongly influence behavior At the heart of Moeran's analysis is a firm belief in fieldwork and ethnography terms much bandied about in business management and cultural studies but rarely undertaken in depth The Business of Ethnography not only provides a useful methodology for people studying or wishing to understand business but also acts as a clarion call for anthropologists to rethink their discipline beyond traditional fieldwork sites [Ancient Roman Sports, A-Z](#) David Matz,2019-10-31 Chariot races Gladiatorial combat Fishing Hunting Swimming The ancient Romans enjoyed these sports sometimes with fanatical enthusiasm This reference book contains more than 100 entries covering sporting events and activities of the era and the Romans who sponsored competed in and attended them Charioteer Appuleius Diocles in a career spanning 24 years competed in 4 257 races winning an astounding 1 462 of them Alypius the young friend of St Augustine was both drawn to and repulsed by gladiatorial battles and struggled to shake his mania for the spectacle of blood sport Brief abstracts of the entries are included for quick reference along with an expansive glossary and biographical notes on the ancient authors cited *Daily Report* ,1986-06 **Sociopragmatics of Japanese** Yasuko Obana,Michael Haugh,2023-04-05 Obana and Haugh question the extent to which commonly accepted theories in pragmatics can readily explain sociopragmatic phenomena in Japanese Studies of Japanese in pragmatics have often challenged the cross linguistic relevance of dominant theories However they have also inadvertently perpetuated stereotypes about the Japanese It is often been assumed for instance that Japanese people are less strategic more polite and more reliant on tacit forms of communication than speakers of other languages But the Japanese are not as polite as one might think The aim of this book is thus to question those folk assumptions around politeness impoliteness irony and indirectness while at the same time emphasizing that close examination of sociopragmatic phenomena in Japanese yields important empirical insights that combat common theoretical assumptions in pragmatics The content is structured in three parts in which the authors highlight a key building block of a theory of sociopragmatics Part I focuses on indexing through the lens of chapters on honorifics routine formula and politeness strategies Part II focuses on evaluating through the lens of chapters on giving receiving expressions and honorific irony Finally Part III focuses on relating through the lens of chapters on joint utterances and off record requests Throughout the chapters the authors draw attention to ways in which these three dimensions are invariably intertwined in various ways This book is not simply a collection of studies that promotes our understanding of the sociopragmatics of a particular language but goes deeper and challenges what many have taken for granted in pragmatics It proposes a framework for exploring sociopragmatic phenomena building on the key sociopragmatic axes of indexing evaluating and relating and offers fresh new perspectives on time honoured phenomena in pragmatics It will interest scholars and postgraduate students in pragmatics particularly those specializing in politeness impoliteness indirectness and

irony The book explains what Japanese terms mean and all the Japanese examples are morphologically glossed Therefore teachers and advanced learners of Japanese at all levels will benefit from the book as it will enrich their knowledge of the Japanese language *Condé Nast's Traveler* ,1991-07 **National Symbols at the Olympic Games** Jörg Krieger,2025-02-17 This provocative book makes the case for the complete removal of national symbolism in the Olympic Games Focusing on the case of national flags at the Olympic Games it explores the history of national symbols at the Olympics and asks what this issue can tell us about the politicisation of sport in the twenty first century Drawing on multi disciplinary research from history political science and sociology and exploring the link between historical processes and the experiences of individuals the book attempts to deconstruct the global sport system and its traditions It argues that the history of flags is essentially the history of nationalism itself impacted by power interests and by exploring the lesser known Olympic histories of athletes such as American boxer Oscar De La Hoya or those from the Faroe Islands the book explores the complex links between national symbolism and international sport It concludes with a controversial set of proposals for breaking those links including a new tradition that would symbolically lock up national flags as part of the opening ceremony of Olympic Games Thought provoking and concise this book is fascinating reading for anybody with an interest in the politics sociology history or governance of sport or in nationalism international organisations or the history of protest

Eventually, you will categorically discover a additional experience and realization by spending more cash. yet when? realize you recognize that you require to get those every needs in the manner of having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to understand even more roughly speaking the globe, experience, some places, later than history, amusement, and a lot more?

It is your entirely own period to enactment reviewing habit. among guides you could enjoy now is **Sample Closing Ceremony Speech For Sports Day** below.
